Introduction

There seems to be a growing pandemic sweeping across the digital community whereby men are lured into chat rooms by ladies who claim to be interested in them, then attempt to extort money out of them in the form of digital currencies. This has to stop.

We men are no longer putting up with false claims of love and affection from ladies of all ages and persuasions, only to find it is our wallets they are really interested in.

Lately, in the past few months, I have personally seen a growing trend of this type which appears to be increasing rapidly, with many women going on to social network sites, for example Twitter, and following men who make comments on pictures posted online by other women, or of

themselves, then follow them. Later, sometimes even within a few minutes, the lady will send a Direct Message (or DM) to the man who posted the comment, and she will attempt to engage in a chat with him, then it will lead to the inevitable step, and the ultimate reason for her conversing him; to accrue some financial reward for herself that was never implied to begin with.

Now, I am not saying this applies to all followers, it may just be a certain few, but those few will then try to get the unsuspecting victim to take the conversation into a chat room, either Google Chat, WhatsApp, Telegram, etc., where their conversation is private and outside the control of the host provider. In this chat room she will regale him with flattery, coming out with intimate phrases like 'Hi handsome,' 'Hi honey,' 'Hi there babe,' terms designed to coax him into a false sense of security. There she will pretend she is really interested in him and, after a few exchanges of dialogue, it will be taken to the 'ulterior motive' stage; the money. She wants him to help her out, for various reasons, and attempts to guilt him into sending her a digital currency so she can get her wi-fi fixed, her larder filled (because she cannot be bothered to go out and get a job like everybody else), or even has the audacity to claim to be madly in love with him, and thus make out it is his duty as her sworn lover to contribute to her finances. It is ridiculous how any woman, who has never met the man in person, can claim to be in love with him. This is a form of delusional psychosis, where she believes she is that wonderful and attractive, that he must reciprocate this love likewise. If not, she will take it as an affront and accordingly blame him for her present plight. It's his fault why everything is going wrong in her life, etc.

If you do not believe me, here follows a few examples taken from factual cases. None of them are made up. They are based on real conversations in chat rooms. I should know, as I was one of the people engaged in the conversation.

A few months ago I noticed a trend that if you comment on a picture a woman has posted on Twitter, either she or another woman will hit 'Like' and then follow the man who made the comment. The man will then get a notification that someone liked the comment and has started following him. That is how these social network platforms work. It has been going on for years, but only recently has this marked trend increased prolifically.

Get it straight: I am a big fan of women. I love to see them, their bodies (dressed, partially dressed, naked, it does not matter to me), also their beauty, their loveliness, their smiles, their poses, and mostly importantly their comment to the photos they are posting online. If I like what I see I will hit 'Like' and if something amusing can be given in relation to their posting, I will comment. This then goes online so everyone can see. OK, that is straightforward. But what I've noticed is the amount of responses I get from other women who then send me a message. I have no problem with that. In fact, I enjoy it. It then becomes a conversation and I can find out what the woman wants. Some are lonely sitting at home in front of their computers who want someone to talk to. Others may be looking for someone interesting to have a chat with, but unfortunately the majority tend to be women selling something: their sex videos, nude pics, or offering themselves as escorts for hook ups (i.e. to meet personally for paid sex). For the latter to work, they first have to establish if the recipient of their DM is in their country. Otherwise it would be pointless selling their services, if indeed they are actually selling them. This will become clearer by the time we get to the end of this short exposition.

So the ones who are selling their vids, pics or whatever, I dismiss straight away. I do not see why I should have to pay to see some woman naked, or having sex with a man, another woman, or herself. If I wanted to I could go online and get it for free. Then we have another type; those who take their time getting to the crunch. These tend to be the ones who feign interest in you, your life, your work, and go the long way about it. The crunch will become apparent soon enough and then the stinger is you have to pay for their services. There is another type of woman who will claim she is not after money but only a genuine relationship. I get quite a few of these as I come across as a decent man. The fact that I may live on another continent never comes into the equation. It is as if it is going to happen: we are going to meet up and marry and fall in love. These I classify as the 'delusional fantasy' types. They live in a dream world, totally removed from this planet, seeing everything through rosy glasses, and believe they have finally met their man online.

I will give examples of these and more, but be aware; a lot of the photos posted online are fake and have been filched from model sites, with fake names attached to the fake photos, creating a fake profile designed to lure men into a trap. As someone recently pointed out: ‘Attention! If you comment under this pic, and a “hot girl” Likes or Comments back at you, THESE ARE MEN IN NIGERIA AND GAMBIA using stolen girls’ pics on a fake account to run a cash and gift card scam on you. I recommend you block their account and report them for fake acc[oun]t.’

(Mrs Poindexter: https://twitter.com/poindexter_mrs/status/1604996450051493888.

Accessed 20/12/2022.)

You have been warned: if it is too good to be true, then treat it with the utmost suspicion, and ask yourself the question, ‘Why would a hot girl be interested in me?’ There is only one answer: to scam money out of you. Then the account will be closed and you will never see her or your money again. The last example given here is typical of that type.

The following are a mixture of various types, based on personal testimony. They are not fake, and drawn from genuine chats, with little editing except in the way of omitting the identity of some of the women (or men posing as women) which have been duly noted.

Here’s an example of the type I call ‘subverted coercion’ where they try to make out they are interested in you, but it is really a donation they are after. The dialogue here is typical of the approach where things start off warm and friendly then soon escalates, with lots of twists and turns. As a favour to her I have withheld her name, yet doubt if it was her real one anyway.

EXAMPLE ONE

How are ya doing handsome

Fine, gorgeous

Where are you from?

I’m from England. You?

Mexico

Lovely. Never been there but I understand it’s a beautiful country. What do you do there?

Pornstar

I love pornstars. How long you been doing it?

2 years

And I take it you are doing well?

Really

Good. So what else do you do?

Other things. I can explain if you give me your time

I would love you to, but I’ve only just up and need a shower. Get back to me later, OK?

Let text on WhatsApp. If you don’t mind

I don’t mind

(She then gives me her WhatsApp number.)

Write me on WhatsApp

(The conversation now switches to WhatsApp:)

What are you doing now baby boy

Working

Same here

So what do want to talk about

You want us have fun

I would love to have fun with you

Where are u in the house

I’m getting dressed in my bedroom. You?

I’m in my bedroom chatting with you baby boy

What are you wearing?

Pink top and blue shorts

(She then sends me a pic to prove it.)

Very nice

How old are you baby boy?

We I'm certainly not a baby. I'm in my 50s. Are you into older men?

I can be your baby girl if you want me all alone to yourself. Snap and send me your picture
(I am dealing with something else. I don't respond straight away.)

Busy? You talking to other girls?

(I was actually. The female mind is always suspicious. I send her a pic.)

Now just getting ready for work

You look handsome and younger than your age

Thanks, but I'm never at my best in the morning

You look cute

So do you. I would love you to be my girl

Awww *(emoji smiling)* are you sure

The only trouble is we're 1000s of miles apart

Distance, language and religion won't be a barrier to us

That's what I like to hear

(She then video calls me. It fails.)

Why didn't you pick up?

Sorry, babe, but I said I've got to go to work now. Can we continue this later?

Let me see you baby. I wanna show you something

Very quickly then

Yes baby boy. Omg I'm nervous

(Very strange this bit. She's supposed to be a pornstar, but she's nervous.)

Why?

To see you

You shouldn't be

Let me call you again

My connection is bad here

(It was. Hence what follows.)

Why did you hang up?

I did not hang up. It keeps cutting out

Can I ask you for a favour

(Now we come to the crunch, the real reason why she is chatting me. Note also spelling of favour is English, not American-English. She's Mexican, so it should be.)

Sure. What?

Don't worry sweetie. When you're back from work, we will have a lot of fun and time for ourselves

OK

Can you send me a steam card baby?

Sorry, babe. I would love to, but I don't send money to anyone

(I then tell her to read my page because I keeping getting this all the time. I have had to put a notice on it to warn girls not to contact me for money, etc.)

Not money baby. Let me use it for my xbox

I don't do steam cards either. Sorry. It was fun talking to you, but I must go to work now

OK

(So here I think the conversation has ended. I am going to work, but she won't have it. She is sticking her claws in me, and won't let go. I respond 'Cool' and about to hang up.)

Bye

Bye

Take care of yourself. Text me when you're at work

OK

I will call you on video chat

(I've told her I'm going to work, how can I answer it?)

I'm calling you now.

Good. Hopefully we won't get cut off

I'm calling you now. Are you busy?

(Does this woman not understand that I am going to work. Of course I am busy. I don't have time for this, yet she persists. I tell her I am busy. We can chat later.)

Alright love

Good

Snap where you are and send to me

Later babe. Plz I must get on

You can't get me a steam card for my xbox game. Please Jon

Sorry, babe. They don't do them here. And I stopped ordering online after one of my accounts got hacked. Surely a gorgeous girl like you must be earning enough to buy her own?

(Here I think I am being reasonable. Why should I buy this girl, who's supposed to be a pornstar, probably earning more money than me, a card? She is a total stranger. These cards, apparently, vary in price, anything from \$5 to \$100. We never discussed the amount, but I would suggest a higher amount is what she intended. Also, I would have thought she would have better things to do than play stupid computer games. She then misconstrues what I am saying.)

I'm not hacking your account. If you don't want to help me with the card, then fine. I'm not asking much for my xbox

I didn't mean you. I meant somebody else 2 years ago. Sorry, cannot help you

OK. Thank you

(I think that is it. She has accepted my refusal. But no, she's not finished with me yet. She places two video calls which I miss because I'm going to work. 'Pick my call,' she demands, and places another one. I don't realise until later. So I apologise and tell her I am now free. Much later she comes back with:)

No video chat anymore.

Why? I did say I was going to work. I apologise for being busy. I have to work like everyone else. You cannot expect people to be available every time you call. It would be better to arrange a time in advance, then we could chat properly. Try it now. Text me, please.

Okay

Good. You can vid call me

No

Why not?

Sorry, babe. I would love to, but I don't video chat anyone

You did with me yesterday, or tried to

Never again. Sorry won't do that with you again. You can't send me steam card for my xbox game what else do you want from me. Go meet someone else to video chat with

Look I told you I was busy. I'm sorry about that

Don't be sorry please

I just want to talk to you

I hate it when people try to take me for granted. We can text only

OK we'll text, as long as it's not about steam cards

I'm busy now. Talk to someone else OK

So why did you respond? And I am not taking you for granted. Come on, talk to me

Mistake OK. Maybe. Send me steam card. Don't tell me anything again

Why do you need a steam card?

For my game baby

Haven't you got enough admirers sending you stuff already?

Don't ask me shit. Forget about the card OK

OK, but I would still love to talk to you, some other time, so its up to you. Text me, OK?

Never gonna text you. I will rather text my admirers sending me stuff. Bye
So only people who send you stuff can talk to you. Shame
Shame to you for not affording only steam card. I didn't ask for money. I'm not here for money
OK. If you cannot a steam card, then get lost
I told you, I don't do it any more as my account got hacked. I learnt my lesson then
Bye
(She then sends me a short video clip of her walking in the sunshine.)
As you can see I am going out
(I then explain what happened, why I cannot help out. She comes back with:)
Okay
Think about it, and if you want to, come back to me when you're not busy
I'm back home now
(She sends me another short clip of her about to eat a burger.)
Come share with me, lol. Send me your dick
I wish I could
I want your dick
I want your pussy
You cannot afford my pussy. You are broke ass man. I'm ashamed for you, Jon
How much is it worth
You cannot afford my juicy tight pussy. Don't have what you cannot pay for
Perhaps you cannot afford my hard dick
Let me see your hard dick
After you show me your pussy
I can handle your hard dick. But don't expect me to afford it OK, a lot bigger harder dicks want
me outer there
I'm sure
Hey are you sending me now or I block you
Later
Now. You want me to make you hard
I need to get hard so make me hard
Off your clothes
OK
If I call you don't say word just rub your dick and moan
Yes and then you record it and threaten to post it if I don't send you a steam card
I'm not like that
(So she claims. Later she gets quite abusive about it, as you'll see:)
Forget about the steam card
I've been down that road before. So forget it. Nice knowing you
Ok. Bye
Bye
*(I think that is the end of the conversation. No, she then attempts to video call me 5 minutes later.
She has wound me up, so much so, I have had to put down my phone and go for a walk. She tries
again. I can't hear it outside due to the noise of the traffic. Then texts me:)*
Baby, are you angry with me?
Not really. I had to go out. Now heading back. Give me 15 mins.
OK love
*(I get back waiting for her. So I text her I am back. No response. Wait a few minutes, still no
response, another 10 or 15, I'm thinking I've rushed back, now you're not talking to me. So I text
her, asking her to say hello:)*
I'm here sweetie. Sorry for the late reply
That's alright. How are you?
I'm fine baby and you

Good. So what have you been doing?

Doing laundry and listening to music

What kind of music?

Pop music and not selection. You? What you doing?

Nothing interesting

Having nothing interesting makes my day slow lol but all good

Anyway I thought you would be more of a Latino music lover

No, my mood is not for that right now. I woke up tired and lazy this morning but I still have to do the laundry and I have other plans that can't be shifted. So pop music put me on a different mood and the mood is what is helping me right now. Oh a minute. I will be back in a few

Well OK, if you're busy we can chat later

(Then she video calls me about six hours later. I ask to confirm it was her as my phone only rang once and I did not get a chance to answer it:)

Yes baby

Sorry but I have a bad connection here. Just text me OK?

OK love

(Fifteen minutes she does when I'm out with a friend:)

What are you doing?

Having a drink with a friend. You?

I'm getting my shower now, getting ready to go to the stores for some groceries

(So she must have some money.)

I bet you look good in the shower

(No response.)

So what did you get at the store?

(No response.)

Right well I'm off to bed. I will be thinking of you. Take care

(The next morning she comes back with:)

Awww .. Good morning Sweetie. How was your night?

Fine. You?

Great. Are you still in bed?

I'm good thanks, but I'm busy right now. I will text you later

OK sweetheart

(I later text her when I'm free. And again. No response. Then the next day she says:)

Hello sweetie

Hi babe thanks for getting back. How you doing?

I'm fine with you sweetheart

Good, so what have you been up to?

Busy with work

Good, you can still call me if you want

(She then sends me a video clip of a girl who looks nothing like her, laying down in bed:)

Laying down. No please Bored. Nothing to do. No card to play my game. Playing cards makes me happy

Is that video really you? It looks nothing like you

Lol

I would love to play with you, I'd make you happy

Get me the card

(So we are back to that old routine, and she will not let up:)

Steam card \$30

We have been through this. Last time you said forget the card

Because you were taking me for granted

No I wasn't, and we have been through that before as well. I never take anybody for granted, especially a busy woman like you

(I was going to add, 'A woman who has nothing better else to do than play stupid computer games.' I didn't:)

OK let me believe you. Baby can you get me the card please

No, anyway I am an honest man

I believe you because you never lied to me

Exactly. I also explained on my Twitter page I get too many girls contacting me for money. I am not rich and struggling myself

I understand baby

(Does she really? I don't believe a word and explain it would be a different matter if I was rich.)

OK babe.

Good. I just like talking to you women. I find you fascinating

(For their wiles and cunning ways.)

I find you interesting too

Good, so what are we going to do then?

I want you all to myself. I don't want to share you with any other woman. I'm not after your money. I need a card for my game. Simple

(She just doesn't get it. I'm not buying her a card. I explain buying a card or giving money is the same thing. She won't have it:)

Not same thing. Card is not money

Look, I would have to order it which will cost me money

Please can you help out

I don't understand what is going on here. Are you saying you cannot afford to buy a card for yourself?

Can you do it for me baby?

You haven't answered my question: why can't you buy a card yourself?

(She then sends me a picture of an outstanding payment. The money is on hold till \$25 dollars is received. There's a picture of a woman and the name Tiffanie Phillips. The message is later deleted.)

This is the reason am asking for the card

(So it's not to play games on her xbox, but to help out this person. Yeah right.)

PLEASE CAN YOU SEND ME THE CARD. I will pay back twice

Who is Tiffanie Philips?

My cousins sister. Are you helping me out please. I will pay back \$100

(So, in other words, I buy her a card for 30 and she will give me 100. Why doesn't she just do it herself?)

Please

How?

Do you have PayPal?

(I then have to explain why I don't use PP, etc.)

You can send through bank account

No, I definitely won't do that. It was nice knowing you. It was a shame you had to spoil our little chats. Bye

(She does not like that at all:)

Bye. Fuck you. You want me loose this money

There's no need to be like that

Get lost. I'm block you now

(You can block someone in Google Chat. I asked her can she find somebody else to help her out:)

Wicked soul

(All because I wouldn't buy her a steam card. I will be damned in hell for all eternity.)

Don't talk to me again. I wish I can block you

Calm down. There must be some other way way you can get the money

No way. Help me or leave

Guess what? I leave. Unbelievable. This girl really thinks she is something; like a petulant child she hates it when she can't get things her own way. Notice here how she becomes almost maniacal, demanding that I help her out, as if it is all my fault she fails to recover this money for her 'cousin' who obviously doesn't exist. And why delete that file? I wish I had downloaded it now.

Perhaps this work should have been called *Feminine Wiles and Cunning Ways*, because it is all to do with their deviousness and the ploys they use to manipulate their men. Except here all of them have failed.

She wanted a steam card out of me, and she wasn't going to get it. This example is typical of the approach; the only thing this woman wants is money (whether it is a steam card, a gift card, or whatever). She's not really interested in me as a person. I am a means to fulfilling her ulterior motive; to extract money out of me for her own benefit. But note how persistent she was. I've told her I'm busy, yet she will not let it drop. I am going to work. I do not have time to chat really. Yet it does not matter: her world revolves around herself. She is not bothered if she is causing an inconvenience to anyone else. It's her own goal that really motivates her into contacting strangers and leading them down this path where she believes they will shower her with gifts. This woman took my rejection not very well. A little puerile tantrum towards the end, and that was it. Some women, however, don't take rejection at all.

This next example is one where we see rejection is taken to the ultimate extreme. She won't have it, believes that she is so special strangers should give her money for nothing. What starts off as a reasonable conversation, soon turns nasty because I refuse to give her money. The conversation then escalates to the point where it borders on megalomania towards the end.

This is from a young lady. Her name is Elizabeth. She describes herself as 'a female escort who's ready to satisfy you sexually and all stuffs you want.' Also, 'If you're interested for some fun let me know so can talk about my service.' Right, well first off, judging by her photo, I cannot imagine this woman being an escort, let alone having the experience to back it up. She looks too demure and unworldly for that, and I certainly would not pay for her 'services'. There is nothing special about her. She is very plain and average, and this may be the reason why she behaves the way she does: it is a form of over-compensation for her own inferiority complex, endeavouring to get power through manipulation. She reacts to a comment I make on Twitter, and sends me a DM:

EXAMPLE TWO

Hello handsome

Hello there

How are you doing today

I'm doing good. You?

Also nice

Where are you from

England. So what are you up to today?

Nothing do you want us to meet

I would love to meet you, trouble is I'm on holiday in Manila at the moment. Perhaps when I get back.

Ok

You can always contact me on Google Chat (*I give her the email address*). Keep in touch.

Okay I just text you now

(The conversation shifts to the chat room. I do not recognise her at first because I don't know the name she is now going by—Nora:)

Hello it's me Elizabeth from twitter

(Many women use a different name when in the chat room, so it can be confusing. I don't respond straight away. I then call her Nora, as I assume that is her real name.)

Hi Nora, it's Jon.

How are you doing today

I'm good, thanks. I can't talk now as I'm going out tonight. I will get back to you tomorrow. Take care.

Okay

I'm back now, if you want to talk.

Okay fine. How was your day doing

Not bad (*I then talk about what happened*). Anyway, it was depressing. Cheer me up. Tell me something that will make me smile.

Really... It's so tough inc. Toughing

(*I think she means touching. Who knows what goes on in the head of this creature?*)

Come on, Nora. Tell me a joke or anything to cheer me up.

Awww... that's what I don't know. I'm just bored right here and horny

(*She is supposed to be an escort. Why isn't she at work?*)

I'm always horny but never bored.

Really

Really. Don't tell me you're still bored

Yeah I'm. Wyd rn

God, I wish I was there with you rn. I'd take away your boredom

Really... that would be so nice okay. What are you doing right now??

Right now I'm writing an update on my travels, but thinking about you

Awww..... Like fr I'm just at home bored and horny. I have been trying to use my dildo it isn't working. I'm bout get in shower but I'm just layin in bed bored and horny. It's weird telling you this but I was just wondering if you would love to go in with me and help lol. Well idk maybe you would love to help exchange nudes. Let me see what you look like naked using a mirror so I'll get turned on and you'll get some hot pic from me after. Send with face in it so I'll get crazily horny with the facial expressions and you'll get hot videos after, no screenshot I promise (*This is something I don't normally do. Note the last bit, 'No screenshot.' She means she won't post it.*)

I don't have a mirror here, sorry. I will try and sort something out for you. But I wish I was your dildo rn

Okay baby I'm waiting

(*Later, due to another woman letting me down, I am in the mood for playing with this little girl. So I send her a nude pic. A bit stupid perhaps, but I am proud of my old body.*)

Sorry for the delay. Just moved into a hotel room with a mirror. About to take a shower. Hope it has the desired effect. Now send me one of you

Wow... you looking so cute

Thanks. You promised me some pics

Okay what are you up to now

Just getting up. I need another shower. Wish it was with you

That would so much better. Do you live alone and where are you now??

I am currently travelling, a digital nomad, alone round Manila. You been there?

Not really

(*Either she has or she hasn't.*)

You should. It's currently 28 degrees and will get to about 31 soon, so may need to strip off

Okay

Yes, you'd enjoy it. What you doing now?

Nothing much just bored and you

Got a load to do today, usual mundane stuff. If you're bored you can send me some pics. I would love to see you

Okay

Good. So take some and send them. OK?

Okay but I'm trying to send it. It ain't going. Let me check what wrong

(Now this is where the conversation takes a nasty turn, and reveals how devious she really is.)

Awww... I just checked it now. Is my WiFi. I need some WiFi is about to finished

Well, when you get it back, then send me something. OK?

Really,... You can't even get me the \$50 for WiFi

(Why the fuck should I? I don't know this stupid girl. But she expects a stranger to help her out with her wi-fi problem. Also, she is lying. She has a cunning plan in store for me.)

Sorry, I'm struggling myself. I'm getting low on funds. Wish I could help out.

(She then sends me some angry emojis. The girl is obviously not happy with my refusal to be coerced into solving her financial problems. Here she gets really vicious.)

You are even making me mad I knows it's a lie. I'm gonna post your pic to all your friends and family and to all social media, I don't care if you block me or do any kind of shit I'll make sure I get your and I'm make a news of your shit rn. I will just fucking start to post your shit and ruin you. I will creat a group with this set of people and share it to them. Well if u think u can act smart right... I'm gonna ruin u ... idc if u block me or try any shit because I'm gonna keep sharing and posting it... do u want me to?? Are you ready to cooperate so I can delete before it go viral or I keep sending out to all internet pages ? Nonds and to social media's and all internet pages if you do any kind of shit blocking ain't the best option thou I'll make sure I get your pic posted I'm gonna spoil your reputation

(More angry emojis follow.)

I don't have a reputation to spoil. Now be a good girl and be sensible about this.

No unless you cooperate with me. Then we are good together. If you try to block me or stop talking to I will send your Shit to cops and also post it on social media

(Unbelievable, this girl. Send what? A picture of a naked old man. What's illegal about that? Why would the cops be interested in it?)

Why don't you believe I am low on funds? I've just told you the truth, that is all

Hmmm.... I didn't think so aleast okay not that you not gonna do at all. Good I thought you won't cooperate with cuz it won't take me more less then some minutes right now for me to spoil your reputation and ruin your image around the social media. Cuz right now I have reported this to the fbi already so now i just have to tell them to stop on your case and it take over \$250 to bail such a case of yours.

(This girl is obviously demented. Why would the FBI be interested? I've not done anything illegal. I acceded to her request: I sent her a picture and now she is fuming, with her pants on fire. I react:)

Really, you do that then. I tried to help out a girl yesterday and it failed because my account got suspended

What account was that ???

My current account. It got hacked into, so they are investigating

So can you now you going to get the \$250 now for the fbi to bill up your case. You have to find a way

Let them build up my case. It could be interesting

I mean bail out yourself

Bail out of what?

And don't try to act smart you knew I have telling you this for so long the fbi are on your case now so you just have to go now and get the card in time so I can bill it out immediately

(She then sends me a fake video of breaking news where she has pasted my pic onto a news bulletin which is in a foreign language. Strange how she can send me a video but she can't send me pics of herself. Why? Because the cunning little fox is lying.)

There's something wrong with the video. It's not working. You need more wi-fi

It's the news vidoe I sent you. There said I should ask you do you want that to go viral Do you want that to happen yes or no and do you want me to delete your shit

Nora, Elizabeth, or whatever your name is, I don't really care

Really you now proving stubborn now and I have warn you not to. But you refuses. I'm ready to

spoil your life and career, I'm ready to mail all the damn picture to handbill & I will Also mail it to all your family Members, friends, family everyone in, school and college, and i will also post it on, Instagram, Twitter, Kik, WhatsApp, Snapchat, Wechat, meet me, skout, & newspaper & TV you will soon blame yourself & It will be on the internet. If you won't pay me \$ 500 nothing will stop me from sending it to everyone and I'll ruin your life you know I have them here so if you block me you are at lost cus I'll send it out

I have no life and I have no career. Good luck with your campaign to destroy a nobody.

And don't try to act anyhow because I will ruin life now. Hey you

Amazing, isn't it. This girl lives on a different planet. Note how volatile she becomes. She switches from being sincere and nice to angry and malicious, in a split second. The poor girl is demented, suffering from an acute inferiority complex. The \$250 now goes up to \$500. Why? Also, if I was to pay her the 'ransom' money what is the guarantee she will not be demanding more and more. And her claim that she will 'delete your shit' is laughable. Of course she won't. I have often found in cases like this it is best to ignore them. I did and never heard from her again. A sad case that will go down in the annals of psychiatry as one of the most delusional of its type.

There is another type to look at now, the emotionally unhinged type who for some reason are instantly smitten with you and start expressing their love, even though you have never met them. This one is a young lady whose name I will not mention as I still like her and don't wish her any harm. She got in touch with me on Twitter, and the conversation stayed there, so really this is not a chat room case, but it could well be deemed as such. Initially she came across as a lovely girl. I will give the gist of the conversation in snippets as this is probably one of the longest I have had. It ran over many days.

EXAMPLE THREE

Hello Jon

Hi, how you doing?

I'm good how are you doing dear happy late thanksgiving Jon

I'm doing fine. Nice meeting you here.

It's a pleasure

Mine too. I love your photo.

Thank you I like yours too

Thanks. You look like an intelligent young woman. You must have men queuing up for you

I'm not rushing to be in a relationship. I know more of those men. Many are there just for fun and I'm not after that. Im looking for a honest and genuine man to spend my life time with hopefully a soulmate

Good. Never rush into a relationship. You're young with plenty of years ahead of you. I'm sure if you keep looking you'll find the right man. You're obviously serious about it, so am I.

I like you dear this is the kind of people I want in my life serious people. I'm not here for games.

Those are for kids. I'm a serious type and do believe in love at first sight

I'm not into games either. Gave that up a long time ago. I believe in serendipity, a chance occurrence, as if it was meant to happen

Okay I do agree with you for how many long have you been into a relationship and what happened in your past relationship

I have not been in a relationship for awhile now. Been engaged three times yet never met the right woman/soulmate. How about you?

This is my passport dear

(For some reason she sends me a picture of her passport, possibly fake, showing no middle name, which is suspicious. She was born in 1988, so about 35 years old, but acts more like a teenager.)

Nice. So you're from Arizona. How long have you lived there?

My life

All your life. You must have travelled, surely?
I've been to California Carson for over two years to visit my Aunty that that three years ago
Oh good. So are you stopping in Arizona or planning to move elsewhere?
Yeah but it will depend
On what?
Maybe if the chance come yes I will like to move
Where to?
Any where at all
That's a bit vague, LOL. If you were to meet the right man, would you move then?
Sure with his seriousness I will like to move to meet him and I will be proud if we both come to
Arizona to spend the holidays
That sounds perfect. Listen, I would love to meet you, but right now I'm travelling in Manila.
Perhaps we can just correspond occasionally. Would you like that?
I won't have any problem with that my dear. Where are you from? And who do you live with
Good. Same here. Look, I have to go out now. Perhaps we can continue some other time. You can
Google Chat me (*I give the address*). Keep in touch and stay safe
I wish I can see you today. I wish I can see a picture of you today please
OK, you asked for it. You've got it. Now one of you please
(*I send her a pic, a close up of my face, and get one back of her.*)
Thanks for the picture, you're looking good
Thanks. You look good too. I wish you were here with me. I just got back from a quick meal, now
sitting in my hotel room, bored. I need your company tonight
Lol just soon. Don't worry I'm always here for you
Oh good. So what you doing now?
Well I'm still in bed. Relaxing and texting with you
Well why not. And what you doing later?
(*It's a bit mundane here. Skip to:*)
Thank you for always being there for me. You are an angel
I think you mean angel. But yes I only want the best for you
Thank you
(*I tell her what I'm doing in Manila. She then hits me with this:*)
So my dear what are you saying on my visiting
I love the idea
I wish it could happen
Me too
Me too my dear you in England right
No, I'm from England, now on holiday in Manila, that's why I am in a hotel room
Oh okay. Let me check up on something handsome
Sure. If it's about where I am staying, it's a place called Makati, just outside of Manila in the
Philippines
Yeah I know that
(*How does she know where I am? I think she means she knows Manila is in the Philippines.*)
But dear check for the flight cost for me
What, to here from Phoenix?
From Phoenix to Manila
OK. Let me check.
Okay
About \$744 travelling economy class, one way from PHX
Yeah I checked for the cheap flights and it's about \$625. Well since I'm doing nothing I wish I
could make my way there tomorrow. Since I have my passport
Yes but you have to be vaccinated to enter the country. I had real hassle because I only had one
jab and had to have a neg test, otherwise you have to go into quarantine. Are you seriously

thinking of coming over?

So which airport I'm I supposed to come on Manila

NAIA

Yeah my dear I'm very serious of coming there because I really want to meet you and see where things leads to. You are a serious guy and you are the man I will love my kids to call dad

(A bit much that. We've only been on for a few minutes and she wants me to be the father of her kids!)

I love the idea of you coming over. I have no problem with that but we hardly know each other Ninoy Aquino International Airport I have it in my diary so I don't forget handsome

I won't. When?

I wish I could make my way there tomorrow love. But I have one problem dear

(Now we come to the crunch.)

Don't tell me, you cannot afford the ticket

Not that I can afford but won't be able to raise all the funds my dear I only have \$430 here in my savings

Well I would love to help you out, but you will need more than that. I don't mind paying for our accommodation but there's meal, drinks, fare, and return flight as well

Awwwe really my dear. But dear can I plan on working there. You have any problem with that I don't have any problem with that, but the authorities here do. It is illegal for non-Filipinos to work here. All the expats (British, Americans, etc.) work remotely here. That's not something you can do in cosmetics, you need to seriously plan coming here, not just jump at the opportunity

Yeah my dear then I will be coming there to spend some holidays with you then. I'm just getting imaginations

Good, nothing wrong with imagination, and I'm sure you will love it here. I suggest sleeping on it, and see how you feel in the morning.

Awwwww. So my dear since I want to make my way there tomorrow I must head to the airport and book for a flight and send you the itinerary dear

You need to book in advance. It's cheaper

Okay dear. The money is not enough dear so how will I pay for the ticket dear. Need to do that on time so I can have my clothes pack won't bring enough clothes along with me

You don't need to bring much, just a couple of t-shirts, shorts and sandals. Some underwear, that's it, in a rucksack.

Sure dear. My dear how are we going to raise the rest

I don't know. I can't send you any. You will have to wait. I'm gonna be here for another four weeks anyway, so be patient

If I get \$300 it will be okay dear I want to show you the itinerary when everything is done my dear

OK, send it to me. I'm going to bed now as it's getting late. You take care now. I'll be thinking of you

Me too my dear. So dear how much can you help me with for now then I can see what to do. I have only today and tomorrow my dear and it's not enough. I want to know my stand so I can see if I need to get to the airport today to get my itinerary. As soon as time goes in the price will keep increasing my dear

I said, what's the hurry. If you cannot afford it now then wait. We can keep texting until you have enough to get here, if that's really what you want to do

My dear what if my bills come you know the money can't be there forever what if I use it that's why I want to use that opportunity to get there my dear

OK, I understand but you need to seriously think about what you are doing. What is more important? Keeping a home and paying the bills are coming to see me and losing your home?

(That conversation took place over one night. I wake the next morning and DM her:)

Morning. How are you? Aren't you talking to me now? Come on, talk to me. If you don't I will have to assume our lovely chat yesterday was nothing but a ruse to get money out of me. Prove

me wrong. Say 'Hi'.

Honey I'm trying to work extra harder to get the funds for my tickets. I was able to raise some hun. How are you doing my dear you have been missed handsome

I miss you too

(A day goes by. Then:)

So are you still planning on coming ever. Any idea when? What are your plans?

Hello honey. We'll still planing to get there honey. Honey can you please help me with \$85 will add up my ticket then add the rest for transport. I want to be there tomorrow my love

So how do I send you money?

(There is no response. So I am concerned:)

So I take it you're not coming then. Did you get the money together?

(There is no response. So I ask again:)

Why are you not talking to me now? I really like you and would love to meet up, but if I was to keep giving girls money every time they asked for some I would be penniless by now. Don't let money interfere in our relationship. Money and friends are notoriously bad bedfellows.

(She comes back to me the next day:)

Hello honey

Hi dear

Sorry love I was busy working for my aunty to see if I could get some little help love

That's alright

But honey I only want \$50 now then I will be okay because my Aunty will be traveling to NY today. So please love when I can't make it there today it will be tomorrow I have to get to the airport to get an itinerary so I can send it to you love

You need to be vaccinated first

Yeah honey I would do that today love. I want to meet you honey. Something I really Wish I could have have you in my arms love

So do I but I cannot send you the money, sorry. Work harder, save up, then come over when you can afford it. I've got a nice warm bed waiting for you, dear. You're my special one

Honey I have tried all my best I can my Aunty is no more staying I told you she's going to ny. Then this means you no serious to me. Look I've tried everything possible to make this happen and you are not helping me out

I am trying to help you out, but even if I send you \$50 it will still not be enough. You will need more than that. I'm perfectly serious about you, I mean it.

Honey I won't need more. I know what I'm saying love. I've already figured everything out. I will only need an amount of \$ 43 but I will use the \$7 to get myself some sweets. I know what I'm saying love

(See how the amount keeps changing. First she was asking for a lot. Now she has reduced it. Why? Because she knows she cannot extort a high amount out of me.)

I know what I'm saying love. If I see your seriousness then I will head to the airport now to get my self an itinerary then I can forward it to you love then tomorrow I will make my way there love. How can you send me the \$50 my love

How do I send you \$50?

Honey do you have cash app

No dear, I don't have anything like that

Okay honey then we have Amazon and a steam vendor here if you get me Amazon or steam card I will have it withdrawn here love

OK I will sort it out tomorrow. It's late now and I need my bed. Sweet dreams.

Honey I wanted to get to the airport today to get my itinerary then I have to wait for tomorrow I want to get things Done today love

(What she really means is she wants her money now. She has no intention of flying out to me. She is not asking sensible questions like what do I need to bring with me, do I need a visa, how can I prove I've had my jabs, etc.)

Okay love I will wait till tomorrow then I will have things get done after I've gotten the itinerary then I will be coming there to you honey then I have everything done tomorrow. Sweet dreams love I love you and kisses Make sure you don't dream of any other girl I will always love you from my heart honey

(Then the next day, to keep it fresh in my mind:)

Hello honey. How are you doing my love? Did you dream of me last night I've really missed you love ❤️😍😘😘😘😘

Hi honey. I'm always dreaming of you, despite the fact that I get 15 to 20 girls contacting me each day, for one reason, or another. Mostly business, and nothing for you to be jealous of *(This is true. At one point I was getting on average that amount each day, all from Twitter, all with the same approach and most of them having the same intention.)*

I trust you hun and I believe in you I trust you with no doubts I know deeply from my heart that the love you have for me is genuine and you will never let me down. I promise love to hold you like an egg I will never let you down or let you fall for no reason I will be the woman of your life forever and I'm promising you this I love you very much my king

(That is saying something considering we have never met.)

You're so sweet you make my heart melt. I love you. You make me fall in love with you every single day. You take my breath away sweetheart. You are the treasure of my life❤️❤️❤️❤️😘😘😘😘😘😘

I love you honey. You're the one for me. I will have to write a song about you one day, or may be a poem, as soon as my head is free of this business I'm trying to tie up.

You are the secret power that keeps me going even through a tiresome day Jon I will forever love you and you will forever be in my heart ❤️

Good, there is strength in love

Honey please when are you getting me the card love because I can't wait to see you honey

(It's the card that is more important. If she really wanted to see me she would sell something, pack her bags and be on the next plane.)

I will be heading to the airport today hun. I must do things on time. Is either I get the steam card or Amazon hun. Honey are you there why are you quiet I told you I must get the tickets today we talk about this already why are you not saying anything hun. We have Amazon and a steam vendor over here hun so if you get me one of this cards take a picture of it and send me the receipt and the card love I will be waiting so I will head to the airport now honey you must be active love in case I will need some informations thank you

Sorry I'm still trying to sort it out. Be patient, dear

I'm not in a hurry love ❤️ I want to go to the airport soon honey because there will be a lot of people out there I need to get my ticket on time hun

I have never bought one of these before. I've tried Cash App. For some reason it won't work. So what is this Amazon card you're on about?

Honey the Amazon is sold in shops or stores and even at gas stations they have it there they are gift cards. So when you get there just ask for Amazon or steam card and I will have it withdrawn here honey

I told you before, I haven't seen any here. This is the Philippines not UK or USA. I will go out later tonight to see if I can find one. There are not many shops/gas stations round here that do anything like them

Honey if I don't get it on time how I'm I going to get the tickets to come over. I wish I could spend the night with you hun

(What is the hurry? Why does she need it so quickly?)

If you can try the pay pal or cash app too I can receive that hun

OK I'm going to send it to you using PayPal. What are your details.

Okay honey I'm coming hold on, Hello honey are you there my love. Was packing up some few clothes i will send you the details soon hun

(In other words she now as to set up something so she can receive the money from PayPal.)

Hello honey. I'm sending the details hun

(She sends me some curious email address that bears no relation to her name.)

This is the details honey send me screen shot when done love. Waiting for you hun I'm also getting dressed up

I've gone for a drink now. I will do it later, dear, when I get back

Okay honey you must not take too long because I can't wait all day I don't have much time honey

(She does have time, plenty of time.)

Send screen shot when you are done hun. Honey I'm still waiting for you ??

(Next day I get this:)

Are you kidding me. Hello honey. I'm still waiting for you my love. I'm still here waiting for you and I think you not serious you playing games with me

I am not playing games with you, twice last night I emailed you at the address you gave me and received no response, therefore my suspicions were raised. I also googled it and it does not appear to exist. So there is something wrong here. Please check the email address is correct and I will get back to you

Hello. Send me screen shots. Are you here with me. Hello hun

Yes I'm here but the wifi is extremely poor where I am. Hello dear I have really bad connection here

(I did. The broadband in the Philippines is terrible, nothing like the Western world.)

Okay hun. How are you doing my love

Fine. You?

I'm good honey I'm waiting for you to send the pay pal honey when you done send me screenshots of it my love

(No response from me. I was busy.)

Hello honey. I'm still waiting for you my love

You still have not explained to me why there is no response from that email address

Honey that email address belongs to my cousin my pay pal account is fucken up that's why I used that account

(Doesn't make any difference. She is using her cousin's email address to receive payment. So why doesn't the cousin respond to confirm the address is correct? It's all bullshit.)

As soon as the money comes in I will have it withdrawn. That's why I ask you to give me a screen shot when done. That's what I can use to get my money as a prove

Then what happens when I do send you the money? I never hear from you again, right?

(That was my suspicion all along.)

Honey I promise you love I want to spend the night with you today hun. The love I have for you is real honey. I want to prove my love to you when I get there my love 😊 I have many surprises

I want to show you when I tell you it won't be a surprise no more hun

Yes, the surprise being you bugger off with my money and I never hear from you again

Honey this is not it my love why are you bringing this up I don't have this intention honey I want to spend my life with you my dear

(Saying a bit much again when she has never met me.)

I really love you hun you must know from the beginning you showed me real love and I'm also doing same my love

You cannot love someone you don't know. It is not something that happens over night.

Sometimes it takes years to truly appreciate a person for who and what they are

Yeah honey I already told you I do believe in love at first sight

(She means going by my photo on Twitter. It is not the same as meeting someone. There is a certain connection, a click that takes place, and you know it is the right one for you. This girl lives in a dream world.)

I like you from the day we met here you are a good man that why I want to come over and know you more

That can only happen in person. We have not met yet

That's why I wanted to me you my dear. Im serious hun

So am I

So give me the chance hun. To meet you. I'm very serious. When you send the pay pal to the account send me screenshots so I can get the funds and set up you must be active I will keep on texting till everything is done after I've sent you my itinerary then I will set off, Ninoy Aquino International Airport I already have this in mind hun I won't be bringing to much clothes just a few my love. So please hun when you done with the pay pal let me know by sending me the screenshot thank you

What's the name of your cousin?

(She gives me his name then later:)

Hello honey are you done. Honey are you there I'm still waiting for your response if you done I will get the money and get going exactly at five so I can get early flight. To Ninoy Aquino International Airport

(Then later:)

Honey why are you making this complicated let's be serious okay I'm serious talking to you and I'm not seeing no action. If he leaves to work how will I be able to get the money from him I'm waiting for you now please so I can go out and get the money from him honey. Remember to get me the screenshot hun waiting please

Sorry I am having real problems with PayPal as it keeps trying to send confirmations to my old number. When I change the number, it reverts to the old number. So I tried setting up a new account and now it won't connect due to poor Wi-Fi here. I spent an hour and got nowhere. Every time I confirm the email account you gave me it has to verify that it is correct and sends the verification to my old number which I no longer have. I give up

Okay. I don't know what to say

(She cannot say anything because she does not know how to fix the problem.)

I'll have another go tomorrow but patience is wearing thin when things don't go right

Honey that's why I asked you to get the card instead. So now that means I'm not going to see you today Omg 😞

Its not my fault. Besides it takes over 14 hours to reach here. You must be patient.

Okay

(Next day:)

Hello hun still haven't heard of you

I'm here, babe.

How are you doing to send the money honey. I really want to come and meet you hun. I'm wasting my time here being lonely 😞

I know you do, and I hate the idea of you being lonely. It's 4.00pm and I have to go out now. I will get back to you later. Then I'll sort it out. Take care, and look after yourself.

Honey you must also check it you will get the card my love. Because today we must get everything done honey

(Why? What is the urgency? Later:)

Hi. Are you still not back hun

Hi, just got back. It took longer than intended and now I need my sleep. I will contact you tomorrow. I promise. Sleep tight, I'm thinking of you.

You just playing games. I don't see how serious you are

Hi. I apologise for not getting back sooner. I am dealing with some real shit at the moment. I am still serious about you and I never play games.

(So she does not ask what I am on about, or the kind of problems I am dealing with. It is straight to:)

When are you sending the pay pal. When you done let me know okay. Still waiting for you okay

(Then later again:)

When are you waiting to get me the money hun

(And later:)

Hello. This is what I call game. So you lied to me. Okay. You really played with my feeling I'm hurt 😞😞😞😞😞😞😞😞

Hi I am not playing with you're feelings. I am trying to sort something out as I was scammed a couple of weeks ago. Some money was taken out of my account without my knowledge. Until I get to the bottom of it, you will have to be patient with me.

(Note the next bit where she doesn't say, 'Oh sorry to hear that. How?')

I know honey. And you keeping me waiting. Just \$50 is keeping me away from you. Try your very best and send me the pay pal love ♥ I've already packed my clothing. If you will not let me come let me know so I can have them back in the wardrobe

It is not a question of not letting you come. Of course I want you to come, but I cannot do any more transactions until I find out what is going on.

Honey just send the pay pal. We can sort things together when I get there. But I promise you if I don't make my way there today then I won't be coming again trust me

And so it went on. It's a shame because I really did like this girl, but at the end of the day, all she was interested in was the money, and I have to assume there are many women out there who sit in front of their computers looking for someone to hit on, then regale them with words of love and affection, all with the intention of leading up to the clincher: the money.

Here's another one where I am being led to believe this girl is really interested in me, and comes across as genuine. Not for one minute did I ever think she would ask for money. That comes right at the end. All of this took place on Twitter:

EXAMPLE FOUR

How are you ?

Hi gorgeous, how are you?

Im doing good and i will like to know more about you. How old are you and where are you from ?

Hi. My name is Jon. I come from England. I'm in my fifties although I feel young for my age. What about you?

Send me your picture ? More about me I'm 30yrs, 5'8ft a widowed mother of one girl, Lisa 13 and ever since my husband passed away I have been all by myself and the ideal is to find my soulmate to spend the rest of my life with. I'm a fashion designer had my fashion degree at (FIDM) fashion institute of designing and merchandising. I also had a bachelors degree in business administration, working on a contract with a London fashion designing company that came to invest in Newzealnd and Dubai .am presently working on a fashion project. I'm presently in Canada where I stuck because of Covid-19 and I would be right back home hopefully on next week , what do you like doing for fun ?

Wow, that's impressive. You sound very successful. I like doing what most adults enjoy doing. Some of my hobbies are to listen to good music and going to the beach on it or near it. I am into camping but not been for a long time but its nice to be snuggled up trying to keep warm in front of an open fire. What's your plan for the future? and what do you do most during the weekends? what movies do you like watching and also who are your favorites actors?

Hi. I'm just on my way out. Can I come back to you later? I will have to think about your questions in the meantime.

Ok , hope to hear back from you soon

Well I'm back now if you wanna talk

What's your plan for the future? and what do you do most during the weekends? what movies do you like watching and also who are your favorites actors?

My plan for the future is to become a successful writer which can only come about by producing something that will sell, and sell well enough to make an impact. Although I have written a lot, the sales have been very poor, so I need to concentrate on finding the one story that will have the

right effect. My time at the weekend is very limited as I tend to work a lot, I have to as I am self-employed, but when I get the time I like nothing more than sitting down with somebody whose company I enjoy and watching a good film together. Film-wise it could be anything, from action adventure, to horror or sci-fi, as long as it is done well and made believable. I have a collection of over 25,000 films at home, in various formats, most of which tend to be rather obscure as I find Hollywood films are over-commercial and over-rated. As for my favourite actor, that would be difficult. A lot of the actors I admire are no longer around, like Steve McQueen who was so cool. But I like Tom Cruise, Brad Pitt, etc., because they are good at what they do. How about you? Who is your favourite?

What's your dislikes in a woman??? I dislike a man that cheats, a man that lie Steal, Take Drugs, Drinking Alcohols a lot, A man that always stay outdoor late till midnight.

I consider myself to be a good man, and I do have a sense of humour, not taking everything too seriously as I find humour gets you by through those difficult times. And I definitely know how to treat a woman right. When it comes to women, I like those who are independent, who enjoy life and have an inner strength, so they do not rely too much on the men in their lives. I don't like women who are after money, or are lazy, or think the world should revolve around them. I have met too many of them before. As long as she also has a good sense of humour, is open minded and keen to help out financially, then I am perfectly happy with that.

Do u like public intimacy?? Yes I do, holding hands while walking and kissing, am a good kisser, have missed it so much..

I love kissing too, I also like nothing better than walking down the street holding the hand of the woman I admire much and proud to have in my life. When was the last time you kissed then?

It's been 3yrs that i have been kissed and have been single since my husband passed away....What's your favorites food and color?? My favorites food is sea foods and my color is Blue....

You have not been kissed since your husband died? Sorry to hear that. I don't really have any favourite foods as I will eat anything. I love to experiment, but you can never beat home cooking. My favourite colour is black. It is the only colour I feel really comfortable wearing

Do u live alone?? i live alone in my own duplex. Are u a private and a shy person??? Yes am a private person but I don't keep secrets in my relationship and am not a shy person....

I currently live alone and I'm definitely not a shy person. But I believe in a relationship you should always be honest and truthful. Yet what is said between two people of an intimate nature should always be kept secret between them. It helps to bind that relationship

Ok good, tell me a bit about your last relationship ?

Well, the last one was a few years ago. We split up simply because she had an abortion (that was down to her mother as she did not approve of children born out of wedlock and we weren't prepared to get married yet). After that she went funny in the head. She could not handle it, and became cold and distant. So we split up. Simple as that.

Too many guys want the first night out sex out here and I'm looking for something different, something special. I believe in love and happiness. I feel you understand that there is no point in starting a relationship with someone unless it has the potential of developing into something beautiful. Hope to hear back from you soon

Will do. we'll speak later

Hi, I'm back now. I must get on and work, but if you want we can have a quick chat

Ok good. tell me more about your family background ?

I was born and raised in Africa as my parents were working there at the time. I have a sister who is 18 months older than me. She was also born there but went to boarding school in England. We returned there when I was about 8, moving to a town called Bournemouth where my father was born. His mother still lived there until she passed away about 20 years ago. My mother, who died in 2014, came from Chertsey, just outside of London. My father is still alive. So is my sister. She has six kids who are now either married or still in higher education. That's about it. You?

Thanks for the reply ,sorry for the death of your mum and I am the only child of my parent and

both my parent are French/Canadian/American immigrant my mom was actually raised in France and had a French Blood in her .my mom was alcoholic as she get older and way after I got out of the house she quit drinking but passed with a heart attack when she was 60.

Sorry to hear about you mother dying too. She wasn't that old. So do you live alone now?

Thanks for your concern i really appreciate iti live alone My dad was a go getter, if I were to summarize, my dad made the money and my mom was good as preserving it .My dad later got a terrible accident and died with an estate valued around (*amount omitted*) and made up of property, shares and savings. I am my father executor and I was seriously waiting for the probate before it was granted by the court of law. i came to Canada in order to finalize the transfer of right of the property to me and also on a fashion project

Right so that means you stand to inherit. Right? So that should put you in a good position to carve a career for yourself in the world of fashion

Yes and what do you think of me so far ?

I like what I hear so far. So where do you want to go with this?

We can talk and talk and make ourself look and sound good but unless we are completely honest we will be disappointed when the time comes to finally meet each other in person. I have lived now for a awhile and have traveled many places and therefore I feel I have learned to accept myself for who I am, I always try to be a good person to myself and others

So you should be. Always be true to yourself and others will be true to you. I would love to meet you in person. You know that, don't you?

I am very much a woman of substance and I am very unique in today's society. I am a woman of integrity and my word is my honor!.I have very high standards for myself and my life is all about providing love, peace and happiness to others. In me you are going to find a woman that was blessed with an over abundance of passion to give to the ones I share my heart and soul with. For you to really know me you will have to experience me, as the love that makes up my heart is like a waterfall, where the water never stops flowing down. In this case my heart is the waterfall, and the love and passion that flows endlessly is representing the water.

In other words, you are a very passionate woman

Trust, loyalty and respect are must for eternal happiness, no matter how much u love someone if u don't have these ingredients u will never succeed to be in love means been patient but to be patient u must trust him/her first....

Of course, these three ingredients form the foundation of any relationship

You can never find love through the eye or ear, so u must trust the only thing that will never fade until u die your heart. Love is like trust when u find your special someone it is as if u are trusting them with your heart. Trust is what u put in someone hands, faith is what u hold on to, trust is what makes everyone realize that u are always there to them.

I hope with time we will get to know each others feelings, motives and intensions towards each other and it will help us grow knowing each other and trusting each other more, so tell me can I trust you with my heart?

I hope so too. Yes, you must trust your heart. It's like your gut instinct. It tells you what is right

How are you doing?im really worried right now things have been crazy down here with me.

when i get back i would like us to hang out and know more about each other. But i am worried right now because i have finished what i came here to do but something happened that is causing delays on my flight back

What happened is that when i tried booking my flight, the airline agent told me that i don't have enough funds on my credit card, so I had to contact my card company and i knew the funds i left there and when the reports came i was told that i purchased some phones which i never did. i called my bank that issued the card and all they told me was that someone must have hacked my card and an identity theft was placed on my card and the investigation would be on when i get back ,it shouldn't take more than 2days to refund my money but i have to be home. Now the airline agent is insisting i gets the remaining funds before my flight can be scheduled as soon as i get through i will let you know. hope to hear back from you soon.

Sounds terrible. So basically you were scammed. There's too much of this going on, and it does not matter how careful you are, it still does happen. The bank by law has to refund you if it was not your actions, so that should not be a problem. I just hope you make it back all right. Keep me informed so I don't have to worry, OK?

Thanks so much for your concern i really appreciate it , I have really been trying to patch up things, but it's getting out of hands now, because i have tried to contact and also called my bank all they are telling me was that i have to be home before any solution could be done, now i have already used the remaining cash i have to settle the hotel bills and pay a deposit with the airline agent, i have less than \$40 with me here and i have to pay a balance of 650\$ to the airline agent so they can book me on a next flight out. i don't really like getting too forward though but things have been hard for me out here so I just have to ask you for a little favor, maybe i should ask if there's anything you can do for me,i mean if i can get some help in anyway from you till when i get back home even if it is a short loan, i will refund it, just to get my account reactivated. hope to hear back from you soon.

I wish I could help out, but I'm struggling financially as it is. I suggest you have a word with your embassy over there. They will help. Let me know how you get on

I have try that before i came to you its not work out ... I know it's bad to ask u for help after just meeting u few days back but i was just going to tell u what I'm facing down here and feel i should confide in u. I know you would have your problems and maybe financial capability too and i also understand your cautiousness but i promise on my late father's grave that i will never disappoint you if you could make this work and i will refund whatever short loan you give me immediately i get my card mishaps solved and that shouldn't be more than 1day after my arrival.

You're a lovely girl, and I feel sorry for your predicament, but I am just not in a position to help out anybody. Sorry. I wish you all the best and that you get home safely

let me tell you, i am a rich blessed young lady if not that they stole my account which my bank has told me that it will get rectified only when I'm home.... i will be sent out of the hotel today if i don't pay the hotel bill and that is why i am worried cos i might not get the internet connection again. i have also been planing of selling my laptop too which has been priced so low and wouldn't be enough to book me on the next flight back..my laptop was priced for just 320 and nothing else i could sell. please i dont mind any amount i promise to pay you back as soon as i get back home

I keep telling you I'm not in a position to help. I wish I was. You will have to ask your family for a loan. Let me know how you get on.

I never heard from her again. A shame as she was a lovely lady who I would have liked to got to know better, but then she had to dump this shit on me at the end, which I very much doubt is true at all. None of it rings right. So we have to ask ourselves, 'Was this in her mind right from the beginning, or was it something she made up halfway through after deciding I could possibly be duped?' In the end, we will never know, but it is a good example of building up trust in that person then going for the clincher once they feel there is a possibility it will work.

In my case it never does, as I don't fall for these little ploys. Some may say that really I'm just a stingy old git, a miser who refuses to help out any poor girl in her plight. But as I said at the beginning, we have to put our foot down: we need to put a stop to all of this where women are taking us men for a ride. This one did not say from the outset she was not interested in money. In fact, she never mentioned it at all.

There are those who claim they are not after money but are looking for a serious relationship. So you get talking to them, finding out what it is they are looking for in a man (usually honesty, integrity, seriousness, a soul-mate, etc.) and someone they can spend the rest of their life with. So you think, 'That is interesting: she's after a serious relationship, not games or one night flings, wanting a man in her life who will contribute to her happiness.' Good, and we get corresponding, and then guess what, it leads up to the clincher again: money. 'Can you help me out?' etc.

There are some who get straight to the point. Take this one for example. I can't find her Twitter

account, or her DMs, so it maybe the account was suspended. She, like most gets me onto Google Chat and wastes no time on the whole point of her DMs, to extract money from me:

EXAMPLE FIVE

It's Sharon

Hi Sharon

Nice to have you on here. Can I see more photos of you

I don't have any. Only what's on my twitter page

Oh When is your birthday

End of April. You, when is yours?

Mine is so soon baby

Oh good. Well let me know and I will wish you a good one on the day.

It's tomorrow

(How convenient. It just happens to be tomorrow. I believe you. So we then move onto the clincher:)

Ok well in advance have a great day. How old are you gonna be?

33 baby

(But acts like a little girl.)

Really? That's a good age. Make the most of it.

Thanks so what would you get for me for my birthday

(Why should I buy her a present. I'm thinking next on a fantasy level; she means in reality.)

I can think of a thing or two

Really what baby

Well if you were here with me now, I would take you out to dinner, afterwards treat you to gentle massage and then, when you're nicely relaxed, I would ...

That'd be so nice. You are so sweet babe

You deserve it

Thanks baby. You can just get me a gift card baby

I will do

What time will you be able to get it sweet

Well the shops are shut now so it will have to be tomorrow

Babe you can get it at a gas station babe

Where I am there are no gas stations. I'm in the middle of nowhere

Okay. So how do you plan on getting it tomorrow

(This girl is serious. I don't know her. I've only just met her and she's expecting a gift.)

I will have to go find somewhere. I will let you know tomorrow how I get on. Got to sign off now as it's getting late. Sleep tight, babe, and pleasant dreams.

Okay babe ♥

(Next day, we go for the reminder: it's supposed to be her birthday.)

Hey babe

Hi Sharon

How are you doing

I'm fine, just packing as I'm moving again. So how did your birthday go?

Cool baby. Did you get the gift baby

Good. Sorry, nothing doing here. Useless. That's why I'm moving

Where are you moving to

Not sure. Probably towards the centre. See what I can find there

Okay baby you can get it at any gas station while driving love

I don't drive that's why I don't go to gas stations

Oh okay baby. Can you get it online then babe? That would be so easier for you baby

(She then sends me a link.)

It's much more easier

(For who? Her? Me? Then next day:)

Hi, Baby

What exactly do you want from me?

Just want you to make me happy and I could do the same. Getting me a gift is just to know how sweet you could be if am all yours

But you're not mine and that is the problem. You're a complete stranger whom I don't know and have never met. You only contacted me on Twitter because you want me to help you. Although I am sweet, sorry, babe, but I don't like being taken for a ride.

Am not taking you for a ride ... and we could meet anytime you are free to meet also I could be yours too if you want that ... the gift is just for my birthday

We cannot meet as we are, and always will be, thousands of miles apart. Although I would love to meet you, it just isn't going to happen. You're a lovely girl but be realistic.

It is if you want to

Please, listen to what I am saying. I would love to meet up with you, make you happy, etc., but I'm on the other side of the world from you, and I have no intention of coming back to England for a long time yet. I had to get away from there as I hated the place, and although your tantalising offer of letting me have you is tempting it is not enough to drag me back. Sorry.

Where are you right now

In Manila in the Philippines, about 14,000 miles away. I wish you were here with me. You'd love it. Hot, 30 degrees, dry, not cold and damp like Wales. And pretty cheap too.

Really

Yeah really. Got to be better than the UK

The conversation finished there and I never heard from her again. She is supposed to be a mature woman of 33 but acts and converses far below that age. So we have to be careful here. She is probably nowhere near that age, a young woman with infantile tendencies, and unrealistic boundaries. Yet, she thinks she is special, so all men should help her out.

There are some who simply don't listen to what you are saying, like this one calling herself Alina on Google Chat:

EXAMPLE SIX

Hello there handsome

Hi gorgeous. How are you?

I'm good bby

Good. And what can I do for you?

Whenever you available you can chat me up and let meet

Good. I like the sound of that.

I'll drive to any address you provide A motel , your place or my place I accept PayPal or cash app for first meeting for security reasons (rape and cops) it half payment now and other half when we're done having fun

Ok, but it will have to wait as I'm currently away. I'll be in touch when I get back.

Hi I'm available for hookup

Sorry, babe, but I'm still away. I'll hook up with you when I get back

Note how I have already told her I'm away. If I'm away how can I be available for hook up (i.e. meet personally for sex)? Then I get this a bit later from a girl calling herself Lori:

EXAMPLE SEVEN

Hello. How are you doing

Hi gorgeous. I'm doing great. And you?

Good Where are you from
I'm from England. And you?
Which areas are you in England
On the south coast, a place called Bournemouth. Do you know it?
Yeah Am from East Howe
Nice place.
Yeah
Are you dtf me rn
Sorry, I don't get that. Please explain.
I mean are you down to fuck me right now
That's what I thought. I would love to fuck you right now, the problem is I am on holiday at the
mo, thousands of miles away. When I get back, we can hook up then. You can keep in touch with
me on Google chat (*email supplied*). I can't wait to fuck you.
Okay bby
And for how long did you wish to fuck me 1hrs £150
Ok
Yes bby
Are you now ready for service bby
Yes when I get back. And you had better be good at that rate.
Okay bby
Have already message you on google chat
(*So the chat now switches to Google Chat where she has a different name, Nelly:*)
Hey Are you there ?? This is Lori
Hi, sorry did not recognise the name (Lori? Nelly?) confusing.
That's my name bby I was the one hearing the two bby
Oh I see. So which do you prefer to be called by?
Lori bby
Good. I prefer Lori. Every time I hear Nelly I think of Nelly Furtado. Don't know why.
Okay That's sound good
Ok Lori it is then. So what you up to?
Nothing bby I was only busy with my phone here bby
Hi Lori, I am going to be busy the next few hours. I will get back to you later.
Okay bby
(*I contact her the next day:*)
Hi Lori, you ok?
Yes bby How are you doing
I'm fine. What you up to today?
Am good bby
So, would you like to have a chat with me?
Am here with you bby
Ok what do you want to talk about, dear
I really need your help now bby
If it's money, Lori, forget it. I'm broke, struggling to pay the bills as it is.
Okay bby
If it's anything else I can help you with let me know, ok?
Okay bby. I just want to upgrade my steam wallet bby
I don't even know what that is
Really
OK, I've heard of it but don't know how it works
I use it to load my internet and play games as well bby
Oh right, we have something similar here called GCash.
Okay bby How are you doing

(Note how I tell her this, but she does not ask what GCash is or where I am.)

I'm fine, babe. You?

Doing good as well bby

Good

Yeah

So what's up?

Am good. And you

Fine. What's happening in your life?

My life is doing good

Glad to hear it. You're on top of things now, I take it.

Okay bby

Good, that's what I like to hear. Keep it up. Never ever let anything get you down. It's all a learning curve.

Thanks bby

You're welcome

Yeah

Hello. How are you doing

I'm fine. You?

Good. So what you doing today?

Am good

Good. How are things?

Good. And yours

Fine. What do you want to talk about?

Can you now help me with steam card now bby ... Huh

Sorry, no can do, babe

But why bby Huh

Note how she wastes no time. She is straight to the point. Also note the similarity of these two above and Example Twenty-Two below. There is the same misspelling (e.g. bby) and poor punctuation (spaces, lack of full stops, etc.), and the same reason given for cash up front: rape and cops. For security reasons they usually ask for an up front payment, but really it is an excuse to get money from the client, and then disappear. He will never see her or his money again. It is a scam. (Consult Example Twenty-Two which I believe is the same person as above masquerading under a different name. She has various aliases.)

Of course not all girls are like that. Some will readily accept you cannot help them out and will capitulate, like the following one here does:

EXAMPLE EIGHT

Hi

It's Emily. My previous account got disabled

(I wonder why.)

OK, well I have got you now. Listen, I'm going to be busy for the rest of the day. We can chat later. OK?

Okay Hun  

(Next day:)

Hi

Hi Emily, sorry did not realise you had been in touch. How are you?

It's okay Hun How are you?

I'm fine. So what you doing today?

Nothing much im not that happy though

Oh, why is that?

It's my subscription my neighbor won't let me use her wifi aside today Can you help me out
I wish I could but I'm struggling as it is
It's okay 💕💕
Hope you get sorted soon and then come back to me.
I'll try
Good girl, try to keep positive.
Good, sweet kisses.

I liked her. She did not try to force it, appreciating that I was not in a position to help out. This next one is similar in that she talks about subscription, so she is leading up to the real motive behind her chat:

EXAMPLE NINE

Hi XXXX
Hey hun 💕
Hey, so what do you want to chat about?
It's good to have you here. Can I know more about you?
Sure. What do you want to know? I'm single, been engaged three times, now in my fifties, no kids that I know of. What about you?
Im single too. Currently unemployed. What do you do for a living
I'm a writer, or should say struggling writer as my books aren't selling that well. Just need to hit the golden nugget. What job would you like to do?
Any with good pay Hun. Because Im really struggling
(Get ready ... wait for it ...)
I'm sure there must be something you can do.
Yeah. Can I have a photo of you
Hi this was taken last night. Can I have one of you.
Sure you can Hun 💕 That's from yesterday
Thanks. Love the tan.
I could have send you something really sexy. But im out of subscription now. Im using my neighbors wifi
(Don't these women have any wi-fi of their own?)
Some other time. I have to go out now. We can talk later. Take care
Okay Hun 💕💕💕😘
Hi, I'm back
Good to have you
You haven't had me yet LOL!
Lolss. Yh though. So what are you doing now?
Sorting my next place of stay. I'm moving around, exploring Manila. It's a big place, lots of places to see. Also bad Wi-Fi so may lose touch with you occasionally. What are you doing?
Nothing much
Then send me something sexy so I can dream about you tonight
Okay Hun let me try

The strange thing about this one was the conversation just fizzled out and went to zero. I never heard from her again. Perhaps she read my notice and decided it was not worth pursuing.

The next one is a good example of the type of approach where it is long-winded, building up my confidence in her. Her name is Angela and I quite liked her as she was not a young girl but a mature woman who was reasonably attractive and came across at first as very sincere. So she approaches me on Twitter with the view to finding the right man, that's what she is really interested in, getting a good man in her life. I'm thinking, 'Good,' because the last thing I want is

any more women trying to get money out of me. So we have a nice long chat and get on really well. Then she switches to the chat room, now assuming a different name, which I always find confusing, so I have to remember who this person was on Twitter, what we said, and then transfer that to the chat room. This lady was easier to remember as she always called me ‘sweetheart.’ So I know it is her. No problem. Here’s extracts from our conversation, and note the subtle approach:

EXAMPLE TEN

Hello sweetheart
Hi sweetie
Am here now. I’m really sorry for the late response
So which name is your real one?
Why do you ask? I use different name ??
Ok, sweetie. How are you anyway?
Better What about you sweetie
(*I don't respond straight away.*)
Hey
Sorry. I got distracted. Not bad, got to out and do a few things. You?
Nothing much. I’m here waiting for your text handsome Hey
I'm here. What do you want to talk about, honey?
Anything you want, dear, please i will like you to do something for me from your kind heart ..
If its money forget it. If it’s anything else, sure. I will be glad to help out.
Really, please you know im living alone here I am shortage of food in the house, please before
God i will like you to try and get to help me with some money like 100\$ to get some food stuff's
in the house , and i promise i will never let you down or disapoint you , do this for me from your
own kind heart..
I don't even have \$10. Sorry.
(*Then I come up with a good excuse, hoping it will put her off.*)
Oh my God!
Yes, that bad. So now I have to sort it out and will probably starve to death. But nobody cares.
Oh my God!
I haven’t a penny except what is in my wallet, which isn’t much.
ok
Thank you for your understanding.
No problem

I never heard from the woman again, but thought it was a bit of a cheek, leading me up this garden path as if we were going to move on to a genuine relationship, and then she has the gall to ask for \$100. And the funny thing is, I cannot find her DMs so presumably her account has been suspended by Twitter. Again we have to wonder why.

Here’s another example like the above, where it is long-winded, then gets eventually to the point (we have moved from Twitter to Google Chat):

EXAMPLE ELEVEN

Hello there. Nice meeting you here. How are you doing and your family as well. Am XXXX from Ohio 35 years of age please
Hi, XXXX, it’s Jon here
Did you got my picture. Can I know more about you and your pictures please
Nice pic. I’m Jon, from England, at the moment a struggling writer with many books to my name that aren’t selling very well. I’ve had about 4 or 5 serious relationships, none of which panned out, so I’m now back to being single, with no kids. How about you?
Are you living in your house or apartment please

No, I'm currently staying in hotels. Gave up my apartment recently as I hated England and wanted to travel before I got too old for it. And you? Do you have your own place?

Am in an apartment What do you do for your living please??

I'm a writer

How much do you get if you don't mind me asking you please

Not enough! It never is though. I'm not rich, if that's what you mean, I've still yet to hit the big time, which will happen eventually if I keep working hard. What about you? What do you do for a living?

Am currently unemployed for now.. Did you got my my picture.. that's my son please

Lovely, so how old is he?

Just three years of age please I'm looking for a soul-mate... A best friend for life! Someone I could talk to about anything.... A good listener, smart and funny! I'd give the same to the ONE !! Who knows - may be you are my twin-soul..

You have already said that, my concern is what happened to the father of your child? Is he still around?

No please He was involved in the accident. He was smoking and also on drugs..

Oh, I didn't know that. Sounds terrible. What happened?

He was from a night club with his friends please..I am an honest heart that's looking for a stable relationship, I understand it is important to lay down lasting foundations for a lasting relationship..

Of course it is, but that can only happen by understanding someone's past, what they have been through, etc.

I would also like to find a like-minded male where we can participate in activities together and encourage each other to pursue their interests as well, I am not interested in games or drama...

Nor am I. So what do you enjoy doing, apart from looking after your son?

I am a caring, positive, family oriented, independent woman, I adore children, however when i will have my own, I enjoy shopping, very fashionable and classy, I carry myself respectably and can be aggressive when i need to be...

Good, you sound like a strong independent woman, and you obviously love your son very much I do understand you perfectly sweetheart. Can I have your picture please. I really love my son very much..

(I send her one.)

You are looking very handsome sweetheart. I don't speak words that have no real meaning and don't waste time on negative thoughts, I love positive people and strive to be happy...

I wish I was handsome. The camera never does me justice. I'm always positive about everything, even in bad situations, because it's that which helps you pull through

I do understand you perfectly. I believe that good thing to come to those who wait and be them self at all times and love is in the air and if its for you then you must have it..I'm a very touchy and freely person not needy but passionate, I believe in enjoying the good life and am high on it...

Nothing wrong with enjoying the good life as that is part of living. I remember an old anecdote of a woman who was on her death bed. She started crying. The priest said, 'Don't be afraid of death.' She replied 'I'm not afraid of death, I just haven't lived.' She was right. All she had done was looked after her husband. She had no real life, and that's sad.

I am sure that love, honesty and chemistry are the most important things in relationships, Many women are materialistic and demanding nowadays so I understand how difficult it might be for men to find a good woman, For me it does not matter where you live, what you do, what your religion is and how old you are, I need your love, kind heart and your support...

Sounds reasonable. And that means you're not limiting yourself to just one type of person. Good. For it is quite expansive, and there's many men out there who will give you love, support and have a kind heart

I do understand you perfectly. I am intelligent, kind, positive and devoted, tender and charming,

caring and affectionate, passionate and wild besides I have strong moral qualities and family values, I am very romantic woman and I love making surprises to my beloved..

I'm sure you are a romantic woman, most women are. So where are we going with this? Are you saying you are interested in me?

Yeah sweetheart. I am tired of being alone, I want to wake up and feel the touch and caress of my beloved, to spoil my man with my attention and care, I know I will be a devoted loving wife and my future husband will be happy with me..

I'm tired of being alone as well, and I want the woman in my life to be by my side, to hold her, caress her, to snuggle up to her at night and cuddle her in the morning

That's sounds pretty good sweetheart. I am a thinking lady, I do not say too much at first but when I get to know someone my friends tell me I have a warm personality and I am good friend especially when times are difficult and I enjoy fine dining and am always looking for someone to share the appreciation of good food and fine wine...

I also like good food and fine wines, especially when they are in the company of the woman I love

That's sounds good sweetheart

Good, so what are we going to do about it?

I am just as comfortable with my hair up in old jeans as with my hair down wearing my favorite little black dress, I love to dance, all styles, disco, house, or swing...

I like that, especially a woman who is comfortable in her own skin, but you have not answered my question

You wish is my command sweetheart. I am sunny and strong lady and you will notice this if you spend sometime with me, I am loyal, kind, sweet and charming girl and I am very ambitious, but I still find time to relax and enjoy life and I like to chill out with a good book or watch and movie and its even more fun when you have a special someone to do this with.. Im very easy to get a long with and a very good listener....

I'm sure you are and I don't doubt all the things you say, but we do have a problem and that is we're not even in the same country

I have already told you...for me it does not matter where you live, what you do, what your religion is and how old you are, I need your love, kind heart and your support...

OK, well you've got it

What are your plans for the day please??

Well where I am it is now gone half 4. I am going to be working for the rest of the day. I doubt I will even go out tonight. Why? What are you doing?

I wanted you to what you are up to for the day.. I am feminine, friendly, cheerful, kind, loving, sweet and very passionate woman.. I hate lies and unreliable people, I also have a pleasant personality and warm-hearted, kind and passionate lady, stop your search..

Why? Have I found her?

Yes.. my love 😊 I am here to find real love, last love, my soulmate, partner, best friend and lover in one man, I dream to have strong, loving, sincere relationship and to live in respect and mutual support and understanding.. Let's make each other happy...

Why not. So what do we do now?

My desire is to meet a Handsome, sensitive, sensuous, warm, assertive single man who wants a friend... My interpretation of a friend is one to whom you can pour out all the contents of your heart, chaff and grain together, knowing that the gentleness of hands will take it all, sift it, keep that which is worth keeping and, with a breath of kindness, blow the rest away..

I like the sound of that. Now, I must go, as I have work to do. I want you to think seriously about what you are saying. Then come back to me tomorrow, OK? We can take it from there

Okay, take care..my love ♥ Please text me when you come back here sweetheart..

I will do. You take care as well.

Hello my love 😊 How are you doing today

Hi. I'm still working, sorry. Can we chat tomorrow?

Hello my love 😊 I miss you 😊 very much sweetheart

Morning, love. I've just got up and had a shower. I'm moving to a different hotel this morning. I will come back to you this afternoon once I have settled in. Take care now

How are you doing my love 😊

Fine, just got settled into my new hotel. The Wi-Fi here is pretty terrible so if we lose connection then that is the problem. It does not mean I'm ignoring you.

Can I have the picture of your new hotel

I'll take a photo for you when I go out later. I'm just wondering why you want one

Hope you are okay with the new hotel sweetheart. I thank you in advance for allowing me to be that kind of friend to you..

Not at all. So what you up to today?

I am looking for a special, loving relationship with a unique Man who is affectionate, Handsome, with a shapely figure, sincere, easygoing, with interests and characteristics similar to mine ... someone who wants a meaningful, serious, long-term relationship...not just a few dates. Are you that special Man?

I maybe, but I don't think I am special, perhaps different, certainly not special.

I could be unique also, and yes I am looking for the same things as you

I am looking for someone who has a great sense of humor and big heart, is curious about new things that would like to share new experiences or old habits and I am looking for someone who believes that a true intimate partner looks out for the other and vice versa...

I agree with what you are saying there, and that all sounds good, they are commendable qualities to look for in a partner

(Now she moves in for the kill:)

Dear please I would like you to try your possible best and get to Walmart, CVS or Walgreens to get me a card to load as airtime cos I'm low of airtime and I want to talk with you more and share all good memories together...Cos you really sounds like the type of man I'm praying to have...

Sorry, I am in Manila. We don't have Walmart here. Also, I would be very upset with you if I was to believe that all our little chats had been leading up to this: I send you money, regardless of whether it is a card, cash or whatever. Read my Twitter page. I do not do donations. If you want to continue, then please do so, or find somebody else to help you, OK?

But you told me you are in England

No, I live in England, but I am currently travelling in Manila, that's why I move to different hotels

When will you be coming back to England please

I'm not sure. I can't stand England at the moment, that is why I left. I am not in a hurry to get back, put it that way

How can I get the card sweetheart

I don't know. You'll have to find some other way

After that she blocked me on Google Chat, so I sent her a rather blunt DM on Twitter, saying how she wasn't really interested in me as a person, but only as a means of a financial contribution. Guess what? I never heard from her again. But note the way, she more or less, threw herself at me, really forcing it on me that I was her soul-mate; to stop looking elsewhere for I had found her. It's a bit much, isn't it, especially since we hadn't met. It is all very well saying 'Distance does not matter,' but at the end of the day it does, for two people to connect it has to be physically, not just digitally, then you really know that you are made for each other. There is too much of this on Twitter and chat rooms, that distance is not a problem. It is, for various reasons. For one thing, if you're 1000s of miles apart you are in different time zones, which makes the conversation awkward at times.

One lovely lady I get on well with is texting to me last thing at night. I get her messages in the morning. And that is how we interact so it is convenient for the both of us. The conversations have to begin on a social media platform; that is how they all start. But sooner or later, over a period of

time when you have established a friendly relationship, you want to take it further, then that vast gap has to be bridged. One or both of you will have to travel to meet in person. However, some women may prefer just to remain friends, therefore using chat rooms is the best way for maintaining that friendship, which is fine. Us men, when we come across someone we think is special and connect with on a deeper level, we want to take it further, not only to meet the woman of our dreams, but also to have sex with her as an expression of our love. Sometimes the distance can be a barrier if it is that great we are not in a position to be able to afford the fare or are unable to take time off work to travel. Then what happens? The relationship will inevitably have to revert to the chat room where it will probably stay.

Then there are those who come across as genuinely interested. This one starts off really well, then suddenly stops, for some inexplicable reason.

EXAMPLE TWELVE

Hello handsome man. How are you doing today I hope everything was good and nice
Hi, I am doing well thanks. You?
I'm doing good. I am from uk and you
Me, also the UK.
What part are you in Uk
The south coast. You?
London
Right, so what do you do in London?
I work in a hotel before my boss started doing rubbish with me. So I leave the work
And now am looking for a good job now. And you, can I know more about you
Me, well I'm currently single, trying to find the right woman. And I write part time.
Same here also. I was single now for past 2 year. I was in a bad relationship before I got out of the relationship
Sorry to hear. So what you doing now, looking for the right man?
How long have you been on this app
Not long. I just find it more convenient than Twitter. How about you?
Same here. Can I have your pic
(I send her a pic.)
Now one of you plz
Wow you are look cute
(She sends me a pic.)
What do I look like
Thanks, you look cute too.
Ok. So how many kids did you have
I don't have any that I know of. You?
Same here. Am looking for a man that I can spend the rest of my life with
(She comes back to me the next day:)
Hello handsome man
Well, hello, but I wouldn't say I was handsome. And I would love to get to know you better.
Okay dear

That was it. Shame, as I quite liked her. I never heard from her again. Hopefully she met the right man. Here is another one where we are building up a rapport and then suddenly it stops:

EXAMPLE THIRTEEN

Hello. How are you doing
Hi. I'm doing fine. You?
Fine. Can I see your pic

Here's one. Now one of you plz
Oh so pretty
Nice
Where are you from? Are you busy doing something??
Sorry, trying to put through an order for someone. Never straightforward.
Ok. How old are you
How old do you think?
Am 32. And you
52
Oh really. Age is just a number
Exactly.
Are you single or married
I am now single again. You?
Am single. Have you been in a bad relationship before. Have you have a kids
Not bad, just never worked out as planned. But a pretty girl like you should have a boyfriend. No,
no kids. Didn't really get around to any.
No

I don't know what I said, or perhaps she lost interest in me because she found someone else.
Here's another example:

EXAMPLE FOURTEEN

Hi I'm XXXX from twitter
Hi XXXX
Nice to have you here. Can you send me your pic
Nice. Sure.
Good
Do you want relationship
Sure
What do you want in relationship
Fun, excitement, but also something serious. You?
Same here. I want someone to love me unconditionally. Have you date online before
A few times, but it helps to be in the same country
Good. Where are you in abroad. Handsome What do you do for a living
I am currently travelling around Manila, staying in hotels. I'm a writer, normally, but just having
a break and hooking up with people. You?
Good. I don't work at the moment lost my job few weeks ago. When we you be back home
Sorry to hear that. Not sure when I'll get back. Depends on what happens here. Why? You
interested?
Good yes I'm interested. You seems like a nice caring man
Good, thanks for that. I am
Good sexy man. What time where you
It's now 9.37 in the morning and I'm about to take shower
Oh good. That is nice. What are you up to
Just had a shower now got to sort out business. You?
Good cha talking to you
Good. We'll talk again later. Keep in touch.

I never heard from her again, so you begin to think 'Did I say something wrong?' or 'What was the point of that?' Hopefully she found someone to love her unconditionally.

There are also plenty of what I call 'psycho-babes' out there who immediately feel that because

they are chatting to you, you are the one person in their life for them. I have had several long conversations with these types. One of them, a woman in her thirties who had lost her husband, and was now a single mother of a young boy, more or less convinced herself she was in love with me by the end of our little chat one afternoon. The chat began on Twitter, then switched to Google Chat. It finished about three or four hours later, and I was thinking 'Did she she actually mean what she said?' She made it quite explicit from the start that she was after a soul-mate, on Twitter purely to find the one for her. By the time the conversation finished I think she convinced me also that there was a deep connection between us, that I had also found the soul-mate I was looking for, just as she was.

Here I give where she has now implored me, having poured out her heart, to be the man of her life. (*Amazing considering we hadn't even met.*)

EXAMPLE FIFTEEN

I wanted you to what you are up to for the day..I am feminine, friendly, cheerful, kind, loving, sweet and very passionate woman.. I hate lies and unreliable people, I also have a pleasant personality and warm-hearted, kind and passionate lady, stop your search..

Why? Have I found her?

Yes.. my love 😍

I am here to find real love, last love, my soulmate, partner, best friend and lover in one man, I dream to have strong, loving, sincere relationship and to live in respect and mutual support and understanding..Let's make each other happy...

Why not. So what do we do now?

My desire is to meet a Handsome, sensitive, sensuous, warm, assertive single man who wants a friend... My interpretation of a friend is one to whom you can pour out all the contents of your heart, chaff and grain together, knowing that the gentleness of hands will take it all, sift it, keep that which is worth keeping and, with a breath of kindness, blow the rest away..

I like the sound of that. Now hun, I must go, as I have work to do. I want you to think seriously about what you are saying. Then come back to me tomorrow, ok? We can take it from there

Okay, take care..my love ♥ Please text me when you come back here sweetheart..

How is a guy supposed to take something like that? Is she being serious? Or has she so deluded herself that she believes everything she says? It is extraordinary to think that over one afternoon we had bonded, and we would be bonded thereafter physically for life. I cannot take this kind of behaviour, because I don't think anyone can fall in love with someone they have never met. It takes ages to build up such a relationship, to actually get to the point where you feel you are in love and that there is a strong connection with the other person; you feel it on a deep level. It does not, and never will, happen over an afternoon session on the computer talking to some guy who is thousands of miles away. Now, you might think I'm mad, that I imagined all this, it did not really happen. Well, believe it or not it did. Not only that, but whilst I was engaged in an ongoing conversation with this woman, I was also engaged in a conversation that had been building up to the same thing over the course of several days with another woman. So basically, you could say I had two marriage proposals in the space of one afternoon. Incredible. This one was deeply, fervently devoted to religion, believing that everything was an act of providence, the work of Jehovah which had brought us two together. Strangely she has something in common with the other woman: a child, but no father for her child. That may be the real reason behind this delusional state of mind, the inherent need to find a man to care for their child, to be the father, to be the role model, and thereby bring stability into their lives.

EXAMPLE SIXTEEN

That sounds great to hear from you dear. Am looking for a Responsible Man, who is Honest, Kind, Learned, Beautiful at Heart, Hard Working, Reliable, Communicative, and Committed..

Good, I'm all of those, but there is a problem, and that is we're 1000s of miles apart. You need someone closer to home. OK?

Does distance matter to you mostly in a Relationship? Distance doesn't mean or matter to me at all, what truly matters to me is being honest and trustworthy, faith and trust, good feelings together with an everlasting true love.

Sorry, but for me distance does matter. I want to be with the woman I love, to hold her in my arms, to snuggle up to her at night and cuddle her in the morning. That is very important to me. Same here.

Good.

Glad you agree. Now, you will have to forgive me, but I need to get on and do some work. I will come back to you later. OK?

My own definition of LOVE is that those who don't like it call it Responsibility, while those who play with it call it Game. And those who don't have it call it Dream, but I call it DESTINY. Love is one touch your soul, love is when you wake up thinking that person, and go to sleep the same way, love is a place in your heart that only God and that person dwell, love is when you are having a bad day, and you can't wait to get home, so they make you feel better, love is when a feeling that you protect and save for that special person. Oh alright my dearly beloved husband Jon. I'll be expecting to hear a good feedback from you soon as possible?

Good, now I must get on and do some work. We'll chat later.

Note how she calls me 'My dearly beloved husband Jon'? Those are her words. Really. I am not making them up. Again, how am I supposed to be able to take that onboard without thinking one of us must be delusional. See how I was trying to put her off, very politely, without hurting her feelings. I could have been more forceful and told her where to go in no uncertain terms. That would not be me at all. If she wants to carry on with this little fantasy in her head, let her. It should also be noted that both women used aliases when in the chat room. I have already explained how this can be confusing. You get a message come through from WhatsApp or Google Chat, but it is a name you do not recognise so you have to go back and check on Twitter it is the same person you were speaking to:

Hello dear. It's me here. Hope I get you on here. Can't wait to hear from you my dear.

Hi. I find it confusing when people use different names. Any reason for it?

How do you mean? Absolutely I definitely use my mother name on my profile so I'll always remember about my parents.

How can you forget about your parents, even if they have both gone? You spent all your life with them. There are reminders of them everywhere you look, so I'm afraid that does not make sense. It also sounds very dodgy and is a sure sign that there is something untoward going on. So it should be noted as a negative indicator straight away.

This one is another example of the psycho-babe who uses lots of endearing words, to put you at ease so that you will be kind to her:

EXAMPLE SEVENTEEN

Hello is XXXX. Am not using that google chat account again so this is the one am using now. It's me. I think you know who you are chatting with.

Of course I do. Nice to see you again.

Hello dear, how are you doing today??

I'm doing fine, just trying to get things done. You?

Good dear. Good morning dear. Hope you sleep well. And make sure you have a coffee.

I used to live on coffee. Now coffee free, finally.

Oh that sounds good. Am sorry am busy helping my grandma for something. So am not free.

No problem. So what you doing now?

Nothing busy chatting with you

A young girl like you, you should be out on the town enjoying yourself

That true but just for a while. When I get married now I will find a maid to be talking care of her
Good.

What about you? Do you like to be single

Me, I've been single, engaged, living together, etc., but I always find I'm back to single again. It must be something I like as it has a lot of freedom, with occasional random encounters. Makes it interesting.

That's true. But you have to have some one you will spend the rest of your life with. When you do that you have a happy family

I will eventually as you always end up meeting someone, that person you can settle down with and enjoy life together.

I hope so. Am also looking for that also

Good

All the man I saw was fake and some are a cheater

We're not all like that, so you have to have an open mind otherwise you will limit your choice

That's true. But when did I want to know the right man for me

You will know. You click on a deeper level than with the others

Really

Yes. There is a rightness about it

Ok wh the rightness. And my grandma told me to bring my husband to her

Good, you will do one day. By rightness I mean it feels right being with that person. If it isn't then the relationship feels it is being forced, and those ones never work out.

That's true. So will you like us to be together. So it can be easy for the both of us. Or what did you think by that

I would if I knew more about you. Also a pic would be nice.

Sure. Can I see a pic of you today. Did you understand me my love

Sure

Wow you always loo cute. So did you accept that my love

I accept, but as I said a pic of you would be nice

Sure I will. Did you like that and what did I loo like my love

Nice. You look so fresh.

Thanks my love

You're welcome. How old are you, if you don't mind me asking

32. And you my love

You look young for 32. I'm twenty years older than you if that doesn't bother you

It's not a problem

Good

Are you kidding me. Tell me t truth how old are you

Why don't you believe me? How old do you think I am?

Like 40

Thanks, but honestly I am older than that, and that is a recent photo. Even I think I look old in that

So how old are you

52

Wow that nice

Thanks, but age isn't everything. It's experience that counts

Yes my dear love. So if you don mind what did you do for a living

I'm a writer. I write fiction, serious stuff, whatever interests me. You?

So interesting. I work in a hotel before my boss started rubbish with me

That why I love the work my love

Yes I think I remember you saying
 So now am looking for a good job now my love. Yes. My love
 Ok love, well I'm sure you will find one. Keep looking
 Yes I will my love. Is my grandma struggle for me. Since I leave the work
 How do you mean?
 I mean since when I leave the job it my grandma struggle for me. She is the one giving me some
 small change to get something for my self and she is old now
 I'm sure it helps
 I hope so
 You'll have to get a job, then you can look after her
 Yes I think so

 my love   

And I want her to survive

Why is grandma angry?

We didn't have food stuff at home. And I think I told you we struggled to eat my love ... ??

I want her to survive as well, but I stopped being a charity a long time ago. Even I now am struggling as it is. I'm self-employed living on minimum wage

So sorry. Please my love do this for me from your kind heart. And this will be the first and the last time. And this will be the first and the last time I ask you for money ?? Are you there

Sorry, the answer is still no. I came on here to talk to women as I love talking to you women, but I didn't realise there was going to be an ulterior motive involved in these conversations. Bye

Please ... Hello my love

Notice how she lays it on thick, almost immediately. There are plenty of instances of 'My love' and 'Love of my life,' etc., and this is from a woman I have never met who is convinced we are going to be spending the rest of our lives together, and that I must work in order to pay for her and our children! Amazing stuff.

Then there are others who aren't interested in love. They are just looking for friends. One of these types was a nice girl from Hong Kong who I got on really well with. She, like most here, used a different name once she got to the chat room, in this case WhatsApp. We would correspond each day, just swapping things that we had done, e.g. the shopping trip, or going to work, or what we would be doing in the evening. This went on for quite awhile. She then started telling me about her investments, how her uncle was a stockbroker, had inside knowledge on one company in Hong Kong whose stocks were surely to increase in value over the next few days. She also dealt in crypto currencies, which I told her I was not really interested in, then hit me with a stinger: when was I going to invest with her in this company. What? I hadn't given any indication I would, and then I told her I was not in a position to invest a small amount (\$5000) in the company, she became very perturbed, as if I was offending her, because she had spent all this time building up a friendship and now I was ruining it. Sorry, but do you honestly think I am going to give this girl, who was no older than 22, that much money? Of course not. No doubt, if I had done, I would never have heard from her again. It's a shame but it destroyed what was otherwise a nice friendly relationship.

'I was having a good long conversation with a lovely lady until she went and spoilt it by asking me for money. End of conversation.' I put that on Twitter the other day, although the conversation took place in Google Chat. It is there to serve as a reminder that I do not take kindly to being led up the garden path, only to find that at the end of it the woman is not really interested in me, only in getting a donation. I will give snippets of the conversation here:

EXAMPLE EIGHTEEN

Hello nice to meet you here

Nice to meet you too. Before we proceed in a chat please read my Twitter page which I have just updated. Thank you. If still interested then by all means come back to me.

I don't understand and well am here for a serious relationship and that's all okay

(If that is so why does she a few days later ask me for financial help. The notice on my page was to stop women like her writing to me and wasting my time.)

Good that's what I want. Just lately I have been pestered by too many girls who think I'm a charity

Oh okay It's pleasure to meet you here...I am XXXX by name and you?

It's Jon, so what are we going to chat about? Relationships?

Oh yes of course and i will be glad. Oh nice name How long have you been on the dating site, are you having luck there? And what are you looking for on the dating site?

(Funny how most women think Twitter is a dating site.)

I am looking for a real woman. Simple as that.

Oh okay that sounds good. Well I'm new to all this internet stuff and has only been on the site for

today and have not talked to any man from there. My very close friend of mine got hooked up with a very nice man on there and they are happily married and have kids ,so she introduced me to the site i decided to give it a try.

Well why not. You might meet the right man here.

Sure. How would you consider dating online has it been a good or bad experience for you?

Variable. You meet a lot of nice women on here, but also a lot who I would not trust. So you have to be careful.

Oh really okay. Well i am very new to all this but like everything i know there are advantages and disadvantages. It gives you the chance to meet different people adopt certain good lifestyles. I pray I meet a real matured gentleman who is looking for a woman to settle down with and have a family with. I am not looking for a one night stand if that was what i was looking for i would go to a bar or club. I want to get to know someone inside and out and see how best we can make a relationship work.

Good. That is the right approach to take.

Sure and well I am being honest with you and I am the type that feel shy to ask something from a man or anyone else. My parents raised me and taught me how to be independent so I never or hardly ask for something, but when I ask then I am really in need of that thing . All I want is someone to be my soul mate and to spend the rest of my life with that's why I put my profile on the dating site because i do not like meeting people at the bars or clubs.

Finding a soul mate is hard whether it is online or any place. You just have to keep looking.

Absolutely. What is your marital status now?

Well I am back to being single again

Oh okay well I am very single. I am not seeing anyone at the moment. I am one man woman and also looking for a one woman man. I don't have time to juggle 2-3 men. One man is more than enough trouble I don't have time for swinging, because i would be busy loving and giving my attention to that one man.

Well who ever he turns out to be, I am sure he will be very lucky

Do you have any kids and would you like to have more kids?

I don't have any and don't want any either. Too old and think it would be unfair on them to have some one old, who should really be younger. You?

I don't have any kids but i love kids, and that is the main reason why I'm aspiring to be pediatric nurse because i love kids and i enjoy working with them. I would love to have kids with the right man.

I hope you do, and I'm sure you will be a great mother to your own children. I'm sorry, but I must sign off now. I have to go out. We can chat later, OK?

Oh okay see you later and don't forget to text me when you are back

I will do. Now take care.

Hi dear

Hi

How are you doing and it has been a while

Yes, awhile. Apologies. I've had one thing going off or another. Have you met the right man yet?

Oh no I was here lonely all because of you

Don't be lonely. I'm always here for you

Oh okay can I get a picture of you now ?

Here's one. How about you? Plz

Wow you are absolutely looking awesome

(Slight exaggeration, I think, as I never look good in selfies, not nearly photogenic enough.)

Thanks. You're looking good too. I can't believe you're still single. Good, well I'm having a quick bite down by the beach and its a glorious sunny day now. What you doing?

Nothing much just finished preparing meal and what's the time there now

It's 11.15. I'm then going for a walk, then back to the hotel to do some work.

Oh okay nice and what do you do for a living ?

I'm a writer, so i can do it anywhere. You?

Am a student and does that bothers you ?

No, why should it. I know lots of students. What you studying?

Nursing okay will you be glad to help me In My schooling ?

I would but if its financial i can't as I'm struggling as it is.

Oh okay well I am single, with no kids and never been married whiles looking to find a conscious man to build monogamous relationship and also share good and bad together.. possible have Kids with him.. So are you willing to have more Kids?

If i was younger i would do, but not now, too old for that. But I'm also looking for a monogamous relationship like you

Oh okay that sounds good. Do you smoke cigarettes or drink alcohol or do drugs?

No i don't smoke or touch drugs, but I do like the occasional drink. I don't think it does any harm, just to be sociable

Hi dear just got back. I like to go for a walk when I move into a new hotel so that I can get my bearings during the day. Everything looks so different at night you are liable to get lost. Seen some interesting sights and there's one or two bars I may try out later to see what they are like. What are you doing later?

I just finished with some packing here. How are you doing today my dear ?

Hi, I've just woken up, now catching up on some emails, tweets, etc. You're packing? Where you going?

I went to take my things from laundry. Can I get a picture of you now ?

I will send one later, after I've had a shower, and got dressed. How about one of you?

Sure no problem

(She sends me one.)

Wow, you're looking good. So what are your plans for today?

Just getting know more about you here and see what the future holds us and you ?

I'm moving to another hotel later, something a bit cheaper. It's down the road, so won't take long to get there. Then in the p.m. I'll catch up on some writing. I may stay in tonight as last I was not too impressed with the night life. What do you think of the possibility of us having a relationship is?

Oh okay cool I hope to know you more here

What do you want to know?

Do you have any kids and would you like to have more kids?

We have already discussed this. No I don't have any. I know where you're coming from: you're looking for a man who will love you, respect you and help you to have the children you want. I can love you and respect you, but I cannot help you with kids

Oh okay I understand you. Do you still have the intentions of getting married again?

I've never been married either, only engaged a few times. But yes, if I came across the right woman, I would get married.

Oh okay that sounds good. If I find the right person it's a possibility. There is nothing more fantastic than having your best friend as a partner to lean on, love, admire, and share everything with. I am in no rush, taking it slow and feeling my way around. When the time is right I will know. I would want to get married if i meet the right man because life is too short to be all alone. Sometimes it gets too lonely.

I know what you mean. I am one of those old romantics who believes that fate will inevitably bring together the two people who are made for each other

I want the right man and i promise to give him a hand to hold, a warm winter night cuddle and can't offer him the world but I can offer him my arms, my time, my support, my affection and never ask for more in return than I give. I am not a high maintenance lady. I was raised from a poor home. I am a simple lady and i take delight in simple things.

Good, that sounds very humble. So how do propose to find the right man?

Hmm that's what am about to find here now. How serious are you in getting into any relationship

or do you just want someone to spend some time with?

Of course I want to spend my time with someone. I would love to as I accept I am no longer young. It would be wonderful to have someone to hold and cherish in my arms. But I emphasise that she has to be the right person, and that can only come about by meeting her. This online dating business is only a preliminary step. The physical one has to be taken next.

Oh sure that's right. I am serious and i want to love and to be loved again. I don't joke about stuff like this when feelings are involved, or play any head games.

Good, because I've been through all that before, been messed around, hurt, and left to feel I may have done something wrong when I know I haven't, even going out of my way to please someone and leaving my family and friends behind. But relationships don't just happen. Sometimes you have to work at them, show the level of commitment you are prepared to put into it, and sometimes, unfortunately, they don't work out which I consider as being 'It wasn't meant to be,' if you know what I mean.

Oh yes 🙏 of course. Good morning handsome how are you doing today

I'm doing fine, but it is not morning here, and I'm just about to lie down. So I only have a few minutes. How are you?

Am doing good. I miss talking to you yesterday

I miss talking to you too. I've just got up and had a shower. I'm now packing, getting ready to move to another hotel. I will be busy for the next three hours or so, but I will come back to you once I am free. OK?

Oh okay but I hope we can talk for now

We can but it will have to be quick as I have a taxi booked in half hour. Anyway, how are you?

Am doing good and you. And well what are the most important things you are looking for in another partner?

Yeah, fine. What would you like to talk about? What is on your mind?

I want to know idea here now. What are the most important things you are looking for in another partner?

I see. Well she would have to be trustworthy, fun loving, outgoing, comfortable in her own skin, with a good head on her, sensible, practical, loving, warm, kind, sincere, and also open to new experiences, so therefore adventurous. What about you? What are you looking for?

Good. Character, intelligence, honesty, loyalty and must be able to cope with adversity.

"Chemistry" is important to me in my partner. I am looking for someone who seeks someone to really explore life together with, and the willingness to work at making a relationship stronger hold much more weight.

I think chemistry is also important. You get that when two people hit it off immediately. And sometimes yes you do have to work at a relationship

Absolutely. Every time i look i feel i have met that one man but I just get screwed over and thats not what i want but I'm looking for a relationship that will last and one that i can have fun with someone who is honest, loyal, able to share happiness and sadness, similar life goals. When all these things are there then everything else will fall into place. No secrets, i am very open-minded and i want the same in a man

Sounds reasonable. I understand where you are coming from. I don't think there's anything wrong with secrets as long as it shared by both partners, for secrets can make that bond stronger

Oh yes of course that's right my dear. A relationship is teamwork and one person can not do it alone. I have been screwed a few nasty times but never let it make me bitter, I chalk it up to experience, learn from it and ensure I never treat people the wrong way I was treated or taken advantage of. I want to have fun , share happiness, cry together, smile when we achieve the goals we set together, and most important Love each other whole heartedly

Quite agree. All relationships are lessons, you can learn a lot from them, and it is important to have no recriminations, otherwise you bring that emotional baggage into your next one, and it could ruin it

I agree with you. You're right and what are some of your interests?

I have loads of interests, unfortunately, too many some times. I like reading, writing, illustrating, designing, creating things, watching good movies. I like art, interesting cultures, music that is not too MoR, technology that will improve our lives, I'm very much into the future. I'm also concerned about the ecology of this planet, environmental issues, that kind of thing. What about you?

Oh okay good to hear and well I love to read, I have read a lot from Shakespeare. I like fishing, camping, the movies, cooking, wine tasting, bbq, candle light dinners and also hanging out with friends.

Oh yes, I should have mentioned that I also like socialising. You cannot beat a good conversation between friends

You're right. And what have past relationship thought you?

Sorry, I don't understand the question

I mean do you have a past relationship? And have you learnt something out from it ?

Oh I see. Well yes, I've had a few past relationships, but the most important thing I learnt from the last one was no to be too lenient, as I let her do things which were detrimental to our relationship. Basically, she ruined it by taking everything for granted, expecting me to pay the bills, that kind of thing, because she packed in her job, thought she could stay round my place for free, and could not be bothered to do a few chores. It was my fault really. So I've now learnt to be less tolerant, because once you give a person like her an inch she will take a mile

Oh okay and that's very bad.

Sure. But as I said I was too lenient and should have put my foot down right from the start

Oh yes and Well I've realized that people change and don't necessarily grow in the same direction. Going down a different path is OK - it doesn't make one person wrong or the other right. I've also learned that the important thing in a relationship is honesty and without that, you don't have much. I think people are resilient and bounce back from most relationships.

Honesty is very important.

Yes absolutely

I've got to now as my taxi has arrived. We'll speak later ok?

Well Dear I will like you to delete yourself from that dating site if you are really interested in me, So that we can get a peaceful mind to chat now.

Oh okay my dear take care of yourself and don't forget to text me when you are back or less busy Will do. Look after yourself

Oh okay thank you 🙏

Hi, I don't think of Twitter as being a dating site. I joined it many years ago just to promote and advertise my work, and that is something I need to continue doing. So sorry I cannot delete my account. I am very interested in you and I would be quite happy to continue in that way.

Oh okay and then I don't have any problem with that okay. What are you doing now ?

Good. I have just got up, had a shower, now ready for another day. You?

Nothing much just missing you here. Can I get a picture of you now. And how was ya night ?

My night was not bad. I'm staying in a hotel on a main road which is always busy, so very noisy. Thanks for missing me. I miss you too. I'll send a pic when I get a chance. If you get the time, send me another of you. Ok?

Sure okay my dear

(She sends me a pic.)

Have you ever smoked in your lifetime?

Nice. You look so happy

Oh yea of course that's why I said I have miss you

I used to smoke years ago when I was a young lad. Packed it in back in 2000. As I said my only deviance is the occasional beer. What about you? Do you drink, smoke, etc.?

Oh okay that sounds good. Well I'm a non smoker and non drinker, not Into drugs don't need them; I live in a natural high. I want to hold out a normal living always with my partner. I don't care if he drinks or smoke. I'll constantly have him deep in my core.

That's a healthy attitude to take. You sound like you really enjoy life

Sure. What do you think about affairs?

I don't approve of them outside of marriage. But if a married man does have an affair with another woman then that means he is not satisfied with his wife, therefore there is something wrong in their relationship. If he was happy he would not have to go elsewhere

Oh okay.....Affairs are all about accepting and understanding one another and disease from hurting the feelings of one another. its always good making yourselves happy and smiling.....keep your mate in her best shoe just as it would make her feel better rather than hurting her feelings. and i would prefer the same from her.

Ok I accept that. But I still say a man should not need to have an affair if he is satisfied with his wife. If he isn't then there is a problem

Oh okay I understand you. Besides love, what other traits have you noticed in couples that have maintained a successful relationship for many years?

A good solid bond where right from the beginning they knew they had found the right person and were prepared to tolerate those little things (quirks, foibles, etc.) that make them who they are
Oh sure that sounds interesting. Respect for each other and also total communication. As long as they talk to each other, the relationship endures. Even when there are differences, talking can solve problems. As the old saying goes a problem shared is half solved. Learning what to say, how to say, when to say things without hurting any ones feeling.

Exactly. The reason a lot of relationships fail is due to lack of communication. If they are not talking to each other then the relationship collapses. This happened to me with one girl where she just would not explain to me what the problem was

Oh okay and I pray that will not repeat here again. If you had three wishes, what would they be?
To be happy, successful, and settled down. You?

Oh okay nice.....Well I want to be very successful in my education and career, Find love that is find that one man who will love me through thick and thin. Show me unconditional love. Last but not the least A sickness free world and also World Peace.

That's a lot to ask for, but nevertheless commendable. Look, it has been lovely chatting to you. I need to go out now. I will text when I get back, ok?

Oh okay nice take good care

Hi, I'm back

How are you doing today

I'm doing fine. I was hoping to hear from you earlier as i am off to bed in a few minutes. Lets have a quick chat. So what have you been up to today? Anything exciting?

Nothing really new. You promise to send me a picture yesterday

I thought i did. Didn't i?

Oh no my dear you have not

Sorry. Here's one. Taken yesterday relaxing on the rooftop. Now one of you plz

Nice picture

Nice. Where was that taken?

Town. I hope you like it

It looks like some old Italian urn or something. Interesting. So what would you like to chat about now?

Well what do you do for fun?

The problem is i don't have much time for fun, but when i do its cycling, exploring different places, chatting to people, socialising, that kind of thing. What do you do for fun?

Oh okay that's sounds interesting. Well i like to go out with friends, read, swim, sail, go fishing and camp

It may be a personal question, but do you enjoy having sex?

Oh yes and you know Sex is also important in a relationship right

Of course it is as long as it is with the right person. It helps to make their love stronger. It is also good for the body and soul

Oh yes of course. Well what is your idea of a great date?

Well, i could joke and say a perfect date is a woman who is good in bed, but obviously there is more to it than that, like in those quiet moments when you're looking into each others eyes and you don't have to say anything because you're connecting on a deeper level

Absolutely. It could be anything from taking a walk in the woods, having a picnic, talking, and sharing funny stories to taking a country drive, seeing a good movie (either at home or the theater), cooking dinner together, canoeing or kayaking on a peaceful lake, going to an art exhibit or the symphony, working outside....really, I'm game for about anything, feeling it has to do with who I'm with, not what I'm doing

Yes, enjoying each precious moment of your lives together and sharing those moments. They are the best memories

Oh yes good and If it's the right person, taking the garbage out together can be really fun! meeting for coffee, seeing a movie or just taking a walk. Having a dinner together.. Having time to spend talking and getting to know each other would be a good place to start. I would be open to other ideas but I would like the first date to be casual and relaxed providing an opportunity to share with each other about who we are and who we have been.

The first date should always be casual and relaxed, otherwise if you're nervous, it can ruin it and make a bad impression

Oh okay good. Are you a jealous type?

Never been jealous in my life. That comes from possession as if you own that person

Okay that sounds good. Well no am not a jealous type of person and i think if a person is jealous there is no trust. I always try to give my partner the benefit of the doubt even in mind blowing occasions. (When all odds are against my partner).

Sounds reasonable. Now it has been lovely talking to you but i need my bed. We can continue tomorrow, ok?

Good night my dear

Are you awake my dear ?

I am my dear, got up about an hour ago. Just had a shower, got changed, packed my bags and will be leaving soon. How are you today?

Am doing good and what's the time there now my dear ?

Nearly ten. In a few minutes I'm moving. It's a glorious sunny day again. I am going to be sweating, needing another shower. What's it like where you are?

Is cloudy here. So how was ya night dear ?

Not bad, too noisy as usual. That's why I'm moving. Yours?

It was pretty good. Have you eaten anything yet since you woke up ?

No, not had time. I prefer to eat a bit later in the day, when my stomach is ready. You?

Not yet as well.

Oh well, we can imagine having breakfast together, can't we

Would be lovely. Well Do you control people?

I don't control anyone. You?

No way i don't control anybody ,everybody needs his or her own time to decide on what to do and what not to do. I take people as they are...I have a kind heart and I am sensitive to everyone's feelings. No one should ever think or even try to change anyone

Exactly. You have to accept them for what they are. Now, I'm leaving. We can continue later. Ok?

Oh okay and don't forget to text me when you are less busy ok

Will do. Take care

Oh okay talk to you later

Hello there

Hi how are you today?

Am doing good and where have you been since my dear ?

I had a terrible afternoon, was busy moving into a new hotel and had to sort out loads of stuff. I was that tired by the end of it, I had to have an early night. Now up, washed and shaved

Oh okay my dear and my dear there is some help I need from you and can you try and help me from your kind heart as an husband?

(Husband? That's a bit much.)

What is that?

Please am running out of airtime here and I want you to help me to do some top up here please Sorry, I can't help. I've told everyone on this site, the last thing I do is send money, gift cards, or whatever, as I get too many requests, and I'm really getting quite fed up with it now. I've had to put my foot down, and nice as it has been knowing you, that's the end of it, bye

Oh why are you saying that. And is it because of the help I seek and if that was a bad thing then am sorry

No, you misunderstand. I keep getting this all the time, where I build up a relationship with a woman on here, and then she starts asking me for money. So I can only surmise the motivation behind our conversations was to get money out of me, and that she wasn't really interested in me as a person. I don't like being taken for a ride. This may not apply to you. If it doesn't, forgive me, but I have to draw a line somewhere

Oh really and if you think that's it fine

As I said, she was a lovely lady and I did enjoy talking to her. She showed genuine concern and came across as being more after a relationship, a serious one, than extracting money from me. It was a shame I had to end it as I always looked forward to hearing from her, but there are subtle indications throughout this text that there is something wrong here, as if the woman lives on a different planet, not in touch with reality at all. That she almost demands I close my Twitter account on her part, I found a bit much. Why should I? I was being honest when I was saying I use it for advertising my work, and that was the only reason I joined social media platforms in the first place. Nowadays, women think of Twitter as being a dating site. I don't think it is anything of the sort. It has lots of people on there who may be free and single, that is true, yet most are on there to advertise themselves, whether it is as an escort, a model, or sell pics and videos of themselves, so there is always a motivation behind the posts, not just to give an opinion on some political subject or whatever. Then she starts referring to me as a husband, perhaps in the belief that throughout our conversations she has built up a solid rapport, before she moves in for the kill, asking me to help pay for her airtime.

I don't understand how it works in America, but I would have thought when you set up with an ISP then you pay a monthly direct debit for your broadband service. That is how it works in England. Here she is implying that she is running out, presumably also implying therefore that we will not be able to continue our conversations. Perhaps she is trying to shift the blame to me: we cannot converse anymore because you won't pay for my airtime. That smacks of something malicious and underhand. A pity, but I had to stop it there. It was the second time she asked me for financial help: the first was for her nursing fees (I put my foot down straight away about that), and the second was for her airtime. I had already warned her right at the beginning of our conversation that I don't take kindly to being thought of as a charity, so she should have understood it there and then, and not continued to pursue this. She obviously did not understand what I was saying, or ignored it, thinking maybe I was not being serious.

Here's another example, not so long as the one above, but still showing an attempt to coerce me into a position whereby I help her out. The conversation started on Twitter. It has now shifted to Google Chat:

EXAMPLE NINETEEN

Hi baby

Hi gorgeous. So what do want to chat about?

 you're the right man for me
 I really like you and would love to get to know you
 Same here dear
 Good so what are we gonna do about it?

 will like you to do this to help me from your own before God ..please
 Sorry, baby. I cannot help you. I hope you sort out your situation soon. Bye

I never heard from her again either. It was a less subtle approach, still drawing on my heart-strings, giving them a gentle pull by using the words *love*, *dear*, etc., with religious overtones ('help me from your own before God') as if it was a testimony to my faith in Him that I should help her. Very strange.

Here's another where she wants me to help her with her internet connection after sending me some saucy pics of her in the nude:

EXAMPLE TWENTY

Hello baby

 If it's money. Forget it. I'm all washed up.
 It's a card for my internet connection

'Here we go again,' I thought, and immediately lost interest. Another great shame as she was a lovely girl and we could have carried on having great conversations, a bit of sex-play over the internet, but it was not to be. I never contacted her again, and she never came back to me.

Then there are the girls who contact you, say about two sentences. You respond as if interested and you never hear from them again. Or they take time to answer. One woman from America proved to be a real struggle. I just could not get into a conversation with her as all I was getting was monosyllabic responses: 'Are you single?' 'Yes,' she replies. 'How long have you been single?' 'Yes.' 'What do yo do for a living.' 'Yeah,' etc. I gave up as there was no continuity in our conversations, lots of gaps and dead space. Sometimes it is hard to get going when there is no flow, and you feel like the person you are talking to is dead in the head. So why bother? This is an example of one where the ball starts rolling then suddenly stops:

EXAMPLE TWENTY-ONE

Hi
Hi XXXX
Good, so you've got my contact details here. Keep in touch.
How are you doing Okay
Fine. I've got to go out now. I will catch you later
Okay baby
I'm free now, if you wanna chat.
Hi
Hi, babe
How are you doing
Fine. What you up to?
I'm good and you
Good too. What you planning on doing today?
Nothing yet and you
Hi, been busy. You ok?

Can't exactly remember what happened here, but perhaps it was my fault. I did not respond to her straight away so she lost interest. Fair enough, there are plenty more guys out there to speak to. They know that so move on to find new prey.

I have saved the best example till last. This one went by the names Anita Thomas, Vickky Thomas, Annabel Mathew, Vickky Berry, and as I have pointed out above I believe she is also the same woman who called herself Alina, also possibly Lori/Nelly.

This is a genuine transcript of chats that took place between me and this woman posing under various pseudonyms pretending to be a glamorous escort. It is purely bogus: the company she works for does not really exist. It is all a scam to extract money out of clients, the con here is that you have to pay a minimum charge up front before the actual meeting takes place. They charge anywhere from \$150 up to \$400, depending on the amount of time, this amount being around 50% which can only be by CashApp, PayPal, or other digital currencies. They don't take cash until the meeting takes place, which of course never happens as the girl is not real and is not even in the same country as her client, let alone the same area. The punter is lured into the belief that she will come after the initial amount has been received. Then a further trap is set where a deposit is asked for which is never mentioned by the girl contacting the client until the very last stage, right after the initial transaction has gone through. The deposit is said to be for her own safety and will be returned once the meeting has ended. This also will not happen as it is again digital currency, which is unrefundable. The initial contact is all done through Twitter, with the conversation then channelled into a private chat room, here Google Chat, outside of the control of social media companies. It is all a ruse to snatch money from unwary guys who just want to get laid by the girl posing on the site. The pictures and videos are misleading and have no connection with the girl you are actually talking to online. They are models, and obviously too good to be true. When reading the transcripts bear in mind that out of the blue this girl has contacted me and makes out she is really interested, calling me *handsome*, *honey*, *baby*, etc., and comes across as genuinely pleased to make my acquaintance, having already established that they are out to hook up (i.e. to meet for paid sex). They ask questions like what do you do, what are you into, single or married, but most importantly information like the victim's whereabouts. This has to be established so that it can be arranged for the girl to be in the area. This one pretended she was up the road from me. I was at the time staying near Quezon City, just outside of Manila. She just happened to be in Caloocan, only a few miles away, but cannot even spell the name of her area correctly. So quite clearly she has never been there, and was nowhere near where I was staying. Unfortunately, this one, posing under these different names (it is the same person as the language is identical throughout, as demonstrated by the same typos, grammatical errors, poor punctuation,

etc.) had all her Twitter accounts suspended (possibly for fraudulent activity) and when that happens it means the DMs get deleted as well. So they cannot be reproduced here. All I can provide is what took place in the chat room. Read and enjoy. You will find parts of the conversation amusing, and probably be astounded by the girl's tenacity: she is determined to extract money from her client. That is all she is really interested in, and she gets quite impatient at times. I was having various problems with my apps which in the long run meant I never lost any money. Even Amazon were aware of suspicious activity so nothing got paid out. A shame because when you see the pics below you would want to meet her too, and not just for a chat.

See Appendix for photos and screenshots taken from this example.

EXAMPLE TWENTY-TWO

Start of chat with woman posing as Anita Thomas (p38565322@gmail.com)

Sat 6:35 pm

Anita Thomas: Howdy there xx

This is Anita from Twitter

Sat 6:37

Jon Lange: Howdy gorgeous. Just looking at you makes me hard.

(This is where I still believed she was genuine and the pic and words were connected, i.e. from the same person.)

Sat 6:38

Anita Thomas: Ok that good babe

So tell me how would you be able to make the deposit payment hon?

(She wastes not time in dealing with the essential business, the money. I agreed to have half an hour with her, although of course deeply suspicious.)

Sat 6:39

Jon Lange: PayPal but only on the day.

Sat 6:39

Anita Thomas: Good babe So by Monday right or tomorrow? Which is more convenient for you hon.

(It should be really be more convenient for her as you would think a beautiful girl like her would be busy, fully booked up most of the time.)

Sat 6:41

Jon Lange: Not sure, yet. I will have to get back to you. I might even come to Caloocan for a few days, so maybe Monday or Tuesday.

Sat 6:42

Anita Thomas: Ohh ok babe keep in touch honey

You said you are at Quezon City right? Babe ?

(I was but not really, more like to the south west of it. So what she is doing here is trying to establish more closely a point of contact, having already asked where I was from or where was I staying.)

Sat 6:45

Jon Lange: Yes but I move around, from hostel to hostel, going all over Manila. Not been to Caloocan yet, and you might be a good excuse to go there.

Sat 6:46

Anita Thomas: Ohh ok bby

So can you send me some pics of yours hon

Sat 6:47

Jon Lange: Will do tomorrow. Now getting ready to go out, need a shower, shave etc. I'll post them on here for you.

(I never did send her any pics and that matter slid by, never to be mentioned again. She is not

interested in pics, only money.)

Sat 6:48

Anita Thomas: Ohh ok bby

Am excited about this honey cause am actually new to this bby

(This is obviously rubbish. She knows exactly what she is doing, trying to make out she's inexperienced to allay any fears.)

Are you also new to this ?

Sat 6:51

Jon Lange: I prefer dating, but sometimes guys like me don't get to fuck beautiful girls like you. So we have to pay. It's not something I do all the time, if that's what you mean.

(Actually, I am lying here. I never pay for sex, but want her to believe I know the ropes when it comes to escorts.)

Sat 6:51

Anita Thomas: Oh yes i love that honey

So tell me your favorite sex styles babe ?

That you would want us to fuck in ok Monday or Tuesday babe

Sat 6:55

Jon Lange: Doggy. I like to be in control. If tired, then I like it when she goes on top. Some girls I know can get me off just by using their vaginas like suction pumps, like milking the udder of a cow. I love it when they do that. I also like eating pussy, before and after. What's your favourite?

Sat 6:56

Anita Thomas: Ohh yes I love been ate out before hard fucking and also loves reverse cowgirl 69 doggy also and missionary babe

Bet I assure you fun and pleasure I'm sure you would book me for more you are gonna enjoy your first time having fun with me Bet♥

(Again more bullshit. It is a ruse to make out that she is really into sex, when all she is interested in is money.) 🖐️ 🤪 🍷

Sat 7:01

Jon Lange: I'm sure I will. I look forward to it. I'll be thinking of you even when I'm on a date tonight. Take care.

(I have told her I am on date, but she never reacts to that. Why? She's not interested.)

Sat 7:01

Anita Thomas: Ohh yes babe I can't wait to meet you bby 😍😍😍😍😍😍🍷🍷🍷

Sat 7:02

Jon Lange: I can't wait to meet you either. Keep that gorgeous body of yours hot for me, you hear?

Sat 7:03

Anita Thomas: Yes bby I will surely keep my body sexy abs gorgeous for you bby

(This woman just cannot write properly; bad English, poor spelling, always calling me bby when it should be baby.)

Sat 7:04

Jon Lange: Good. Have a great night. I'll send some pics tomorrow.

Sat 7:04

Anita Thomas: Ok love 😍😍😍😍

Sat 7:04

Jon Lange: Bye

Sat 7:05

Anita Thomas: XXX

Sat 7:06

Jon Lange: X

(Now her name changes and she assumes a new identity because her old account has been suspended.)

Start of chat with Annabel Mathew (annabelmathew50@gmail.com)

Sat 10:01

Annabel Mathew: Howdy honey

This Anita from Twitter bby

Here is my second email

Let's keep contact here ok bby

Sat 11:07

Jon Lange: OK, you're getting me confused now with different names. Which do you prefer to be called?

(It was a bit of a shock to receive an invite to a chat with another woman using the same pic. So you can imagine, I'm thinking, 'What is going on here?')

Sat 11:07

Annabel Mathew: Anita

That the name I preferred been called honey

Sat 11:08

Jon Lange: Right, I'll call you Anita and I can't wait to fuck you.

Sat 11:08

Annabel Mathew: Yes same here bby

So by Monday or Tuesday right

That when we can meet to have fun Right ?

Sat 11:09

Jon Lange: Of course, gorgeous.

Sat 11:09

Annabel Mathew: Good to know bby

So by Monday or Tuesday also you would be able to make the deposit payment honey?

(See again, it is all to do with the money. There is no intention of any sex taking place. She's not interested, and becomes persistent with the money extraction.)

Sat 11:11

Jon Lange: Yes, depending on what time I get to Caloocan.

Sat 11:11

Annabel Mathew: Ohh ok bby I understand that bby

Am very excited about this bby

Sat 11:14

Jon Lange: Good, sleep tight and keep it warm.

Sun (Dec 4) 12:13 am

Jon Lange: Hey, Anita, I see your Twitter account has been suspended. Why?

Sun 12:49

Annabel Mathew: Not sure honey But maybe cause I haven't been active on it for a while now babe

(Again bullshit. Twitter suspends account for fraudulent activity or anything that violates their rules. She opened her account at the beginning of December. I checked.)

Sun 01:04

Jon Lange: Oh, okay

(I do not believe her, of course.)

Sat 01:05

Annabel Mathew: I hope that is not a problem hon?

Sun 10:25

Jon Lange: I'm always suspicious when that happens. Twitter doesn't suspend accounts for no reason. You only joined Twitter recently, so it cannot be inactivity. Usually it is fraudulent activity or someone posing with a fake profile. Please allay my suspicions.

Sun 03:11 pm

Annabel Mathew: My account got suspended cause I sent some nudes to my customer honey

(Again bullshit. Loads of women on Twitter send nude photos to men. I have had several sent to me out of the blue which are explicit. I never asked for them, but they want me to buy others like that.)

That what bby nothing more

Sun 03:56

Jon Lange: Ok, but I wish you would send me some nudes

(She never did. Why? Because she can't. She is not the woman in the photo.)

Sun 03:56

Annabel Mathew: That is not a problem is only you are really serious about this bby

Sun 03:57

Jon Lange: OK, a quick question: what time is it?

(I am trying to trick her here because I don't believe she's even in the country.)

Sun 03:58

Annabel Mathew: 3:57 pm bby

(She was right so she must have had a world clock in front of her.)

Same with yours?

Or what are you tryna ask bby?

Sun 03:59

Jon Lange: Just checking, I just don't believe you're in Caloocan. Simple

Sun 04:00

Annabel Mathew: It fine not too But with time you would hon

(I don't believe this girl is even American. Sometimes she cannot write sentences that make sense. What she is referring to is the time for the meeting.)

We still meeting Monday or Tuesday?

Which is tomorrow or next?

(Why this question? Because she's in a different time zone and her clock will not tell her what day it is.)

Sun 04:01

Jon Lange: Possibly Tuesday now as I have some business here to finish up first before I can move on.

Sun 04:01

Annabel Mathew: Ohh ok that is fine bby

So by Tuesday you gonna make the deposit payment or when bby?

(She doesn't ask what business I am referring to, she is not interested. The only thing that concerns her is the money.)

Sun 04:03

Jon Lange: I would rather meet you first to make sure you're genuine. Then we can make arrangements after that.

(Now I am trying to pressure her into actually meeting to prove that she is genuine, not only the woman in the photo but also in the same country. Of course she won't do it. Why? Because she is not that woman and is based elsewhere.)

Sun 04:04

Annabel Mathew: How do you mean?

(I would have thought it was straight forward: we meet first. What is so hard to understand?)

We have talked about this dead

I don't accept cash as deposit payment honey

(Course she can't because to accept cash she would have to be present. You cannot take cash over the internet. So she is not interested.)

Sun 04:05

Jon Lange: I'm not saying that. I will pay a deposit as you wish but only after I am satisfied you are serious about it

Sun 04:06

Annabel Mathew: Hmm how then do I get you to know that am serious about this ?

(Is this woman thick or what?)

Sun 04:09

Jon Lange: We meet for five minutes. It is not a date. It is a business meeting. Then I put through a deposit, then we arrange a time after that to have fun.

(I thought I was being reasonable here. But she won't have it.)

Sun 04:10

Annabel Mathew: You just have to trust me babe ok

(What? To hand over money to someone who may not even exist? Who does she think she is kidding?)

Trust matters a lot when meeting with someone you do not know. If you have had other experiences like that before you must know I'm very straight to the point.

(This has nothing to do with what I have just said. I don't trust anybody, especially women who nag about money.)

Sun 04:11

Jon Lange: Yes but I have also been ripped off before by paying an advance then they disappear

(Not true, I am just making a point.)

Sun 04:11

Annabel Mathew: I understand you babe

You have nothing to worry about, you are safe with me, I'm totally different from other bitches you might have come across

(Why is this in bold? To emphasise that she is speaking the truth? She also refers to herself as a bitch. So there you go.)

I promise you will never regret meeting me, I can't force you to do what you don't want to do, but I just want you to have some faith on this and I promise I will never disappoint you....

(Why would I want to do something I don't want to. She is totally missing the point here. To have faith that this person is real, especially when their accounts keep getting suspended. Honestly!)

Sun 04:12

Jon Lange: I'm sure you won't disappoint me.

Sun 04:13

Annabel Mathew: Yes baby you have my word

So how are you making the deposit payment?

(Back to the money again. This bitch won't let up. And amazingly I find out later she is working for an agency. Surely they should be dealing with the financial side of things?)

I accept Cashapp, PayPal, Apple Pay, Zelle, Venmo, BTC (Bitcoin) or Gift card...

(So? Not cash then. Why? She would have to be present to collect it.)

Sun 04:15

Jon Lange: Right if I can get my Cashapp to work it will be that.

Sun 04:15

Annabel Mathew: Alright babe that okay

Do you need my cashapp tag now ?

Sun 04:17

Jon Lange: No it can wait till tomorrow. As I said, I need to sort some business out first. I'll be in touch tomorrow and let you know what time I'm arriving in Caloocan on Tuesday.

Sun 04:18

Annabel Mathew: Alright honey no problem

Let me know

Sun 04:18

Jon Lange: Will do

Mon (5 Dec) 6:57 am

Annabel Mathew: Good morning bby 😍😍😍😍

Mon 09:52

Jon Lange: Good morning. You were up early

(Going by the entry she was up early, probably thinking about all that money she was going to get out of me; it made her jump out of bed.)

Mon 09:52

Annabel Mathew: Maybe But I do wake up early that way at times

How was your night bby

(Ahh, she is actually showing genuine concern here. Amazing.)

Mon 09:56

Jon Lange: Fine but still sorting issues

Mon 09:56

Annabel Mathew: Ohh really What issues is that bby?

(Her English is appalling. She is mixing singulars and plurals.)

Mon 09:58

Jon Lange: I've met a girl who I really like but things aren't going too well and I need to sort it out. That's why I cannot get to you until tomorrow.

Mon 09:59

Annabel Mathew: Hmmm that is fine bby

So we would be meeting up to have fun tomorrow honey ?

Mon 10:03

Jon Lange: Yes, but I cannot confirm a time yet. I'm seeing her later today. Then I will get back to you. OK?

Mon 10:03

Annabel Mathew: Right ?

Yes it ok bby

So when will you be able to make the deposit payment to my cashapp bby?

(Back to the money again. That's all she is interested in. She will not let up.)

Mon 10:04

Jon Lange: Yes, later today.

Mon 10:05

Annabel Mathew: Ok babe that is cool babe

Am excited about meeting up with you and am glad you are excited too honey ❤️❤️ 🍷💊

Mon 10:08

Jon Lange: Yes, can't wait.

Mon 10:08

Annabel Mathew: Glad honey

So would we be making use of my place or yours to have fun tomorrow babe ?

(Note I say hers here because I want to see if she is actually present in this country. Of course she changes it.)

Mon 10:09

Jon Lange: Yours

Mon 10:09

Annabel Mathew: Ok babe

Can I ask you something honey

Mon 10:09

Jon Lange: Sure

Mon 10:10

Annabel Mathew: Is this your first time doing this honey....meeting with an escort ?

(She wants to know if I am really naive as I look.)

Mon 10:11

Jon Lange: I think you have asked me this before. No, not the first time. I rarely use escorts, but sometimes I do when I can't meet a woman who satisfies me.

(I am lying. I have to make out I am experienced and used to this sort of thing.)

Mon 10:12

Annabel Mathew: Ohh that is cool babe and I Haven't asked before honey just wondering bby ok
(She has asked before, on Twitter, but she cannot remember. The same thing happens later, asking a question she's already asked.)

Honey I assure you fun and pleasure I'm sure you would book me for more you are gonna enjoy your first time having fun with me Bet♥💎💎👉👉👉👉

Mon 10:15

Jon Lange: Hope so. You will have to let me know where you are so I can book a hotel nearby, within walking distance.

(I ask this because I don't have transport so cannot get to her place. Remember, we are supposed to be meeting there, not at the hotel.)

Mon 10:16

Annabel Mathew: Ohh yes babe and I think I you am in Caloocan babe

(She just cannot write. This sentence is corrupt. What does she mean? She means, 'I think you know I am in Caloocan, babe.')

Mon 10:17

Jon Lange: Well, whereabouts as it is a big place.

Mon 10:19

Annabel Mathew: Sorry my bad babe

Am in Caruhatan

(She means Karuhatan. She is supposed to be staying there but she cannot even spell the name of her place correctly.)

Mon 10:20

Jon Lange: Oh, you said Caloocan last time.

Mon 10:20

Annabel Mathew: Yes babe

I told ya that bby

You remember now ?

Mon 10:22

Jon Lange: No, you definitely said Caloocan. Which isn't far from where I am now.

Mon 10:22

Annabel Mathew: Yes babe

Mon 10:24

Jon Lange: Now you're saying Caruhatan?

Mon 10:25

Annabel Mathew: Yes caruhatan is a small town in Caloocan babe

(Again misspelt. That's why I cannot find it.)

Haven't you heard of that hon?

Mon 10:26

Jon Lange: It's in Valenzuela City, no?

(I've now find it. It is in Valenzuela City as the local police department is just up the road.)

Mon 10:27

Annabel Mathew: Nope in Caloocan city bby I don't know if there is a town named caruhatan in Valenzuela but I stay in caruhatan in Caloocan city bby

(Again this is total bollocks. Caloocan is not a city, it is a district. Karuhatan is in Valenzuela.)

Am suprised you haven't heard of it before or haven't been there bby

Mon 10:29

Jon Lange: Not heard of it. Give me a street name so I can book somewhere nearby.

Mon 10:30

Annabel Mathew: Nearby to you or mine bby?

Mon 10:31

Jon Lange: To your place

(I have to remind her that the arrangement was her place. See above. Now she cannot even

remember that.)

Mon 10:32

Annabel Mathew: We can make use of this hotel honey

(Who said anything about the use of a hotel? We are supposed to be going to her place. I just need somewhere to stay for the night.)

It address is 200 MacArthur Highway, Bgy. Karuhatan, Caloocan

(She has now got the name right as she has copied and pasted it from a Google search.)

Mon 10:33

Jon Lange: OK, I will book for one night.

(For me, that is, not for us.)

Mon 10:33

Annabel Mathew: Ok good bby

So by tomorrow we would meet at the hotel right bby ?

(See how she has changed it to the hotel for the rendezvous, not her place, because she's nowhere near her and doesn't even reside in the country.)

Mon 10:47

Jon Lange: Yes. Can't wait.

(I'm not disputing her because I know a lot of escorts use hotels for sex. It is neutral territory.)

Mon 10:48

Annabel Mathew: Same bby I can't wait to hard fuck you and make you cum severally before your time of booking me runs out babe

(Really? She is actually going to be there to make this happen? What a load of shit.)

Mon 10:56

Jon Lange: That's what I want

(Of course I do. I am still suffering from the delusion that I am talking to the woman in the picture. Who wouldn't want to shag that? See first photo in Appendix.)

Mon 10:56

Annabel Mathew: Great babe then amma give it to you honey and you will be surely satisfied babe
So tell me about your favorite sex styles babe ?

(As I mentioned above, she repeats another question. This has already been discussed. But she has to keep me interested in anticipation of the event.)

Mon 10:58

Jon Lange: We have already been through this before. I told you doggy, because I like to be in control and you have to submit to the hard banging, whether you can take it or not.

Mon 11:00

Annabel Mathew: Ohh yes I love been hard fucked bby I love been banged real hard just you intend to do babe And I haven't met a guy who has fucked me so hard like you intend to to honey
And I would really love it if yiu can hard bang me bby ❤️❤️

(Again pure fantasy. This has all the hallmarks of someone trying to sell a service, but has never really had the experience to back it up, and could even be written by a man. In cases like this, you don't know who you are actually talking to. And that is the danger of chat rooms.)

Mon 10:02

Jon Lange: I'll do my best, just keep it warm and wet for me. Got to go now as she is here

Mon 10:03

Annabel Mathew: Ohh ok bby

Give me a text later on bby

Or when ready to make the deposit payment bby ?

(She has to remind me, it is all about the money. We must never forget that.)

Mon 10:03

Jon Lange: Will do

Mon 10:04

Annabel Mathew: Ok love ❤️ ❤️ 💊 😊

Mon 02:04 pm

Annabel Mathew: Howdy bby

(Howdy? Where is she from? Texas? Men say howdy, not women.)

Mon 7:05

Jon Lange: Hi Anita I'm still busy. I will get back to you later. I promise, babe.

Mon 7:05

Annabel Mathew: Ok bby I am trusting you on this bby

(Trusting me on what? What is there to trust? That I am not going to let her down? This is supposed to be a professional escort. She works for an agency. They should be reminding me of the deposit required, not her. It is utter bollocks. She should be so busy she has not got time to deal with the logistics, but make sure she is available and in the right time at the right place.) 😏 😞

Mon 7:56

Jon Lange: Hi, babe. Quick question. What is the name of the hotel you suggested?

(She never mentioned the hotel by name, that is why I cannot find it. If she lived nearby she would know, or possibly used it before on previous assignments.)

Mon 08:17

Annabel Mathew: MEACO HOTEL BBY

that the name of the hotel bby

(It isn't, is it? Wow. God, this girl is clever. It should be noted that the hotel closed awhile back, and only recently opened. Purely by chance that she chose this one. There's another hotel by the same name lower down the road in Malabon, much better and classier, but more expensive. The one in Caloocan is not ideal, although the big double bed would be perfect for a good fuck.)

Mon 08:18

Jon Lange: Right, well it's 194 not 200 MacArthur Highway. Now sorting.

(Now I am testing her. It is actually 200, not 194.)

Mon 08:18

Annabel Mathew: Ok sorry that was my mistake babe

(See? She doesn't even know the hotel address properly! She should be disputing with me, and not be agreeing to an error.)

Glad you know the hotel bby

(As quite clearly she doesn't.)

Mon 08:19

Jon Lange: Not a problem

Mon 08:19

Annabel Mathew: Good babe So ready to make the deposit payment honey?

(Again it is back to the money, that is all she is thinking about. I'm thinking about depositing something else in her which I would gladly contribute, if she would let me.)

So I can send my cashapp tag bby v

Mon 08:21

Jon Lange: My cashapp for some reason isn't working. What's your PayPal? I'll try that.

(This is perfectly true. It wasn't.)

Mon 08:21

Annabel Mathew: Ok babe that is fine babe

So how much would you be sending to my PayPal bby ?

(She should know as she is the one who told me her prices. What the fuck is going on with this stupid bitch?)

Mon 08:26

Jon Lange: Well it was for 30 mins right, so 50%, right?

(Now she doesn't respond. So I wait and after 30 minutes there's still nothing happening.)

Mon 09:07

Jon Lange: So you're now using the name Vickky Berry?

(Her account on Twitter was suspended. She switched to this name. Then she liked a comment I

made, so I would add her as a follower. She then contacts me again under her new name.)

Mon 09:10

Jon Lange: I'm confused.

(I was too. The same woman has contacted me under a new name. She has to send me a photo and video clips to remind me that it is this beautiful girl who is now talking to me. See Appendix.)

Start of chat with Vickky Berry (vickkyberry58@gmail.com)

Mon 8:23

Vickky Berry: Howdy babe Sorry my laptop got switched off and I have my other email signed in there so I gotta text you with a new Email babe

(Again complete bullshit. She can't contact me because her old Google Chat got shut down, if that is possible.)

It me honey

(Write proper English, you stupid cow.)

I hope this is not a problem bby

Are yiu here bby???

(She gets very impatient at times if I do not respond to her straight away. So she uses three question marks to show her frustration.)

Mon 8:25

Vickky Berry (via Meet):

Call missed

(I don't use Call Meet, so why is she trying to contact me through it? She hasn't even asked if I do use it, but expects me to answer straight away, and gives up.)

Mon 8:26

Vickky Berry: Hey!!!!

(Now she is getting very impatient with me. Four exclamation marks. Wow, I can do that !!!!)

Mon 8:27

Vickky Berry (via Meet):

Call missed

(I am still not answering as I am not even aware she is trying to contact me. She thinks I am sitting in front of my computer at her beck and call.)

Mon 9:15

Jon Lange: I'm here, babe.

(She has now changed to a different name.)

Start of chat with Vickky Thomas (thomasvickky185@gmail.com)

Mon 8:32

Vickky Thomas: Hey babe. I really don't know what is wrong with my emails I have contacted you with two different emails babe and they get blocked babe I don't know why honeh

(How can an email get blocked? Because the host she was using has blocked her account. But boy, is this woman persistent, as we shall see. This is the longest conversation and she is determined to nab me.)

Please babe it honey. Please Reply to my email babe. Pleas

(Oh, please, please. I want your money. You must give it to me, etc. It would be funny if it wasn't so

pathetic.)

Mon 8:36

Vickky Thomas: Hey!!!!

(Again she gets impatient, because I am not answering her straight away. 'You must answer me!!!!')

Mon 8:39

Vickky Thomas: Hello ?

(Is anybody there? Speak to me please. I want your money.)

Mon 8:43

Vickky Thomas (via Meet):

Call missed

(Again she tries to call me because I won't answer. I am not doing it on purpose. I am genuinely busy packing to leave to get to the hotel where the sex will be taking place. I'm so excited I am walking around with a massive erection.)

Mon 8:45

Vickky Thomas: Remember we would be meeting at MEACO hotel dear located at MacArthur Highway, Brgy Karuhatan, Valenzuela, Luzon 1441 Philippines.

(The address has been copied and pasted from a Google search.)

Mon 9:17

Jon Lange: How many names have you got?

(It is a very sensible question.)

Mon 9:18

Vickky Thomas: Not really much names bae Just different emails and cause of situations like this that why I create multiple emails babe Am deeply sorry for the inconvenience

(No she isn't. She is deeply sorry at the inconvenience I am causing her by not playing her game.)

Mon 9:20

Jon Lange: Ok, but I'm deeply worried. I really want to fuck you and I'm being messed around

(This is very true, assuming of course it is the girl in the photos and not some fat bag with teeth missing and jugs hanging down to her waste, with a cigarette hanging out of the corner of her mouth, and smelly as fuck.)

Mon 9:21

Vickky Thomas: You don't have to be worry at all babe

(Hardly reassuring.)

Mon 9:21

Jon Lange: I understand if there is technical issues, but I've never come across this before

(I hadn't. It's the first time I have to deal with a woman who seems to be suffering from Multi-Personality Disorder, and more names than a phone book.)

Mon 9:21

Vickky Thomas: You safe with me okay. I understand you babe. So do you need my PayPal mail now so you can proceed with the payment??

(Again, it is straight back to the payment. Not, 'How are you? Have you had a good day? What have you been up to recently?')

Mon 9:23

Jon Lange: Yes. If for some reason it does not go through then we may need to rethink this.

Mon 9:24

Vickky Thomas: For sure babe when I send my mail now and you make the payment we would surely get this worked out honey By meeting up tomorrow babe

imabiale@gmail.com

(A bogus email address.)

Send as family and friends

(Another option is services which can be disputed if the services are not received. Which means I could get my money back. Her option means I won't. She is supposed to be an escort girl. She is offering a service through her agency, so why is the agency name not in the email address. This is total bollocks.)

Then send me a screenshot once you done ok

Mon 9:25

Jon Lange: Ok

Mon 9:25

Vickky Thomas: Ok babe You sending right away babe ?

Mon 9:29

Vickky Thomas: ?

(She is getting impatient again.)

Mon 9:48

Jon Lange: I don't know what is going on but for some reason it won't let the confirmation of payment go through. It has cost me 4 dollars to authenticate and each time it rejects it. There is an issue with my PayPal, not you. So forget it, babe. Sorry

Mon 9:48

Vickky Thomas: Oh

(That's all she can say, rather than, 'I'm really sorry to hear that. Is there some other way we can work this out?' Or preferably put it back to the agency to sort. Note so far there is no mention of the agency, so I am under the impression she is self-employed, as some indeed are.)

What other method of payment do you make use of

I'm really sorry for that babe

Will you send \$46 then

(How nice of her. Rather than the 50 she will only charge me 46. There is a problem with my PayPal account. It does not matter how much the amount is, does she not understand that?)

Mon 9:50

Jon Lange: I've tried CashApp with someone else and had a similar problem. Had to let another girl down earlier because PayPal wouldn't work.

(This is true. I was going to help out another girl. I had similar issues then.)

Mon 9:51

Vickky Thomas: Oh okay

Can you go get an gift card then ?

(She cannot write. It is really irritating when somebody contacts you who is supposed to be professional. Her English is appalling.)

Then the rest in cash when we done having fun

(Yeah, that is really gonna happen, NOT!)

Mon 9:54

Jon Lange: I'm not going out now it is too late. I will try sort something out in the morning, but probably be in the hotel by p.m.

Mon 9:54

Vickky Thomas: Alright babe no problem

Let me know ok

Mon 9:57

Jon Lange: Ok

Mon 9:57

Vickky Thomas: Ok that is fine babe So what are you up to now babe ?

(Now she asks, because she wants to keep me hanging on. She's afraid if she lets go she will lose me and her money.)

Mon 9:59

Jon Lange: Not a lot, my lady friend was supposed to come round earlier but I think she has fallen asleep, not answering her messages. You? Are you busy?

(This was true. We had a slight falling out. It had been agreed that she would come round in the evening. She never did as she had actually fallen asleep. This was prior to me moving to Caloocan.)

Mon 10:51

Vickky Thomas: Nope am not busy babe

Do you wanna meet up now instead of tomorrow bby?

(She is only asking this because she wants the money as quickly as possible. She has no idea whereabouts in Quezon City I am staying, doesn't give a shit about my relationship with another girl, and is trying to make out she is available, when she is supposed to be busy working each night.)

Mon 10:59

Jon Lange: Sorry, babe. Not tonight. It's too late. Tomorrow, ok?

(I had to say that as it was late. Also I did not have the cash available to pay her when she turned up.)

Mon 10:59

Vickky Thomas: Yes honey

So do you think you would be able to make use of cashapp or PayPal to make the deposit payment honey?

(Again, straight back to the money. She won't let it drop.)

You know you can make use of PayPal and remove the charges of 4\$ out of the money you would be sending babe so you don't need to worry about the charges ok bby ? Or I still gotta wait till morning bby?

(She has already established earlier that it would be 46 rather than 50. Wow, big deal.)

Mon 11:03

Jon Lange: I'm not bothered about the charges, I just want to get the thing working again. I had to change it to a Philippines address, so that may be the reason, as I'm on a Philippines phone number.

(True. To verify my account they were texting me to my old number which obviously I could not receive.)

Mon 11:03

Vickky Thomas: Ohh ok I understand this babe

So you will get that in the morning right babe?

(God, she can't let it go. It's all about the money.)

Mon 11:04

Jon Lange: I will try. The hotel is booked anyway for tomorrow

Mon 11:04

Vickky Thomas: Yes babe

So tomorrow you might need to ask for a new PayPal email from me to send the payment babe

(Another gentle reminder. Of course I will need her email. How else can I send the money? God, this bitch is thick.)

Mon 11:05

Jon Lange: Ok, let me know

Mon 11:05

Vickky Thomas: Yes honey

Just ask me when ready to make the payment ok bby?

(Payment, payment, payment. You must understand before you can have my hot gorgeous body there is payment involved. Really? I never knew that.)

Mon 11:07

Jon Lange: OK, as soon as I get it working. Now need to sleep as it's been a long day. You have a good night's sleep too.

Tuesday 8:01 am

Vickky Thomas: Good morning bby

(First thing, she is contacting me. I wonder why? Is it to remind me about the payment?)

Yesterday 8:48

Vickky Thomas: How are you doing today bby♥♥

(I am asleep, you stupid cow, get it?)

Tuesday 9:16

Vickky Thomas: Morning bby♥

(Oh bby bby!)

(This time she sends me a different video, having gotten bored of the others. In this one, which is a clip of 4 seconds, she has a cat on her other shoulder. Ahhh.)

Tuesday 9:35

Vickky Thomas (via Meet):

Call missed

(I am now up, getting ready to leave for the great fuck.)

Tuesday 10:57

Jon Lange: Hi babe, sorry I missed your call but I was busy packing. Now going to the hotel. See if I can sort out PayPal when I get there. Speak later. Looking forward to it.

Tuesday 3:07

Vickky Thomas: Hey babe

Have you been fix your PayPal honey?

(She's only asking because she wants her money quickly.)

Tuesday 3:08

Vickky Thomas (via Meet):

Call missed

(I am busy downstairs in the lobby booking in. How can I be answering her call?)

Tuesday 3:09

Vickky Thomas: ??

Talk to me hon

('Oh please, hon. Talk to me. Talk to me about money. I must have my money. I must have my money. Money, money, money.')

Tuesday 3:14

Jon Lange: No still can't get it to work. At the hotel now but having grave misgivings. Your other account has been suspended on Twitter. Why?

(This is true. I have just checked to see that the last Twitter account she was using, as Vickky Thomas, has been suspended. I want to know. I can't wait for the bullshit excuse. Here we go ...)

Tuesday 3:15

Vickky Thomas: I don't know honey I woke up to see it has been suspended bby But shouldn't be a problem honey Honey can't you make use of other payment method like cashapp zelle bitcoin or gift cards babe ? You can order grift cards online Bbe

(Of course it is a problem, you stupid cow. You're a scammer hoping I won't notice. But Twitter has and that's why they closed your previous accounts. Now the last one you're using has been suspended. She should be reassuring me that everything is OK. No, she goes straight to the most important part, the money. And what the fuck is a 'grift card'?)

Yesterday 3:16

Jon Lange: Why can't I pay you the full amount in cash when you get here

(Because she is not there. She is thousands of miles away, and has no intention of being present.)

Tuesday 3:17

Vickky Thomas: Babe don't go back to that we talked about this honey You gotta make the deposit payment of 100 before we meet or have fun babe That my business policy and how it has been done all this while babe

(It is not her business policy, it is the agency she works for. Also, she claims not to be so experienced so how can it be 'all this while'?)

Tuesday 3:19

Vickky Thomas: ??

Tuesday 3:20

Jon Lange: I'm just checking on something

Tuesday 3:20

Vickky Thomas: What is that bby?

What are you checking on?

(Now she is worried because she thinks I might suss her out.)

Tuesday 3:23

Vickky Thomas: Huh bby?

Tuesday 3:24

Jon Lange: Just going through original emails. I thought it was 50% up front for half hour at 150 which is 75

Tuesday 3:25

Vickky Thomas: Ohh I guess I made that Mistake honey

(No, you stupid cow. How can you make a mistake like that? You or the agency set the rates so you should know.)

So you will be sending 75 babe

(Straight back to the money.)

Tuesday 3:26

Jon Lange: Ok I'll go online for a gift card. Who do I send it to?

Tuesday 3:26

Vickky Thomas: You gonna send it to me honey ok You can get steam eBay amazon or Apple Card babe

Do you know how to order the cards online babe ?

Tuesday 3:27

Jon Lange: No as I have never bothered and I don't even know your real name

(Right, so here I am getting really pissed off with her. What should be a straightforward transaction, is becoming a nightmare. I don't do these types of currencies, normally.)

Tuesday 3:28

Vickky Thomas: My real name is vickky thomas but my granny also named me Anita bby

(Strange name, Anita Bby? Does it really make any difference what her granny called her. It is what is on her birth certificate that counts.)

So you gonna try to order the card now babe ?

Tuesday 3:29

Jon Lange: Yes

Tuesday 3:30

Vickky Thomas: Ok babe So you gonna need an email the ecode of the card should be sent to honey So you will add your email when it gets to that section honey then once you get the ecode on your mail you just send me a screenshot of the ecode in your Email ok baby

Tuesday 3:34

Vickky Thomas: Ok !!!

(Getting impatient again.)

Tuesday 3:39

Jon Lange: OK

Tuesday 3:46

Vickky Thomas: Are yiu done with that bby?

Tuesday 3:50

Vickky Thomas: ??

(I am not answering because I am trying to find a card online at Amazon. This woman does not like to be ignored. It gets much worse later, believe me.)

Tuesday 4:02

Jon Lange: God, you're impatient, aren't you. Now done. Sending it now.

Tuesday 3:02

Vickky Thomas: Ok babe so sorry for the inconvenience babe

You sending me the screenshot of the ecode right bby?

Tuesday 4:04

Jon Lange: There

(Screenshot of gift card)

Tuesday 4:05

Vickky Thomas: Honey you got the ecode sent to you email babe ?

Go check your email for the ecode honey

It the ecode you gonna send to me ok babe

Tuesday 4:08

Vickky Thomas: View here for the ecode baby

(Screenshot of View or Manage Order)

Tuesday 4:09

Vickky Thomas: Babe ?

Tuesday 4:10

Jon Lange: I have not received it. Just sorting now.

Tuesday 4:10

Vickky Thomas: Ok babe Just send it to me once you get it ok babe ?

Just send me the ecode once you get it ok bby?

(She has just said that, why repeat it? Because she's impatient and she wants the money now.)

Tuesday 4:16

Jon Lange: I've lost the bloody thing and now Amazon have blocked me.

(This is true. When I went to open it, the webpage went to 'A need to authenticate' page.)

Tuesday 4:17

Vickky Thomas: Wtf bby? Didn't you sent to your email babe ?

('What the fuck? Jesus, you're now just messing me around, baby.')

How did you lost it ?

Send me a screenshot of your inbox

Tuesday 4:17

Jon Lange: Yes, but it's only a screen shot of what I sent you, now they are reporting suspicious activity

Tuesday 4:19

Vickky Thomas: Can you order it to my own mail

I should send you a valid email

Tuesday 4:20

Jon Lange: That means I have to pay for it twice

Tuesday 4:21

Vickky Thomas: Okay baby

(She doesn't give a shit as long as she gets her money.)

Bnikky53@gmail.com

Tuesday 4:23

Vickky Thomas: Ok bby?

Tuesday 4:26

Jon Lange: I've told you they have temporarily locked my account, so now need to set up a new account.

Tuesday 4:27

Vickky Thomas: Okay do that now and get it all set up babe
And make sure you order the card to that email given to you bby

Tuesday 4:40

Jon Lange: You should have received it now

Tuesday 4:42

Jon Lange: Well, have you received it?

Tuesday 4:43

Vickky Thomas: Not yet bby

Send me a screenshot

Tuesday 4:50

Vickky Thomas: Babe ?

Tuesday 4:50

Jon Lange: You should have received it to your email by now, not the screenshot but the ecode

Tuesday 4:51

Vickky Thomas: Yes I know babe But send me a screenshot from your ends like you did for the first one babe ?

Just to confirm the email address correctly

Tuesday 4:53

Jon Lange:

(Screenshot of gift card)

Tuesday 4:55

Vickky Thomas: I didn't get it

Yesterday 4:55

Jon Lange: You should have done. That is the address you gave me.

Tuesday 4:55

Vickky Thomas: Yes

Tuesday 4:56

Jon Lange: Well there is something wrong at your end not mine. And it's cost me 150 USD
(It hadn't actually because the payment never went through. Amazon were suspicious to begin with as I am in a different country from when I originally set up my account.)

Tuesday 4:57

Vickky Thomas: Ok I will check on it bby

Okay now click on this link and get it set up to get a booking code from my boss babe

<https://form.jotform.com/222107461619553>

And let's me know when you done with that bby

(I now find out she is working for an escort agency. Surely it is the agency that gets in touch with the client, so that their girls can go out and service them. But this one has time to pester me over all the transactions. So quite clearly she is not working as an escort, and is probably sat at home with nothing better to do with her time than to rip off men. Here are some screenshots of the link. Anyone can set up a jotform. This one does not look professional at all. No decent agency would use this.)

Tuesday 5:10

Jon Lange: Now done

Tuesday 5:10

Vickky Thomas: Ok bby Keep me posted what ever she says ok bby

(Why would she be asking that? It does not make sense. Who does she mean? Oh, her boss. Now I get it.)

Tuesday 5:14

Jon Lange: I have received an email. **Hello sir, i'm Alicia , i work in-line with the P2P which you'll be booking Vicky with now sir**

(Look how badly this is written. It is supposed to be from an escort agency. There is no header in the email, no phone number, no physical address. No, 'Thank you for using our services, welcome to ...')

More examples from Escort Payment Services (escortpaymentservices@gmail.com) follow:

Okay great sir, Vicky is one of my best girls so you have made an excellent decision cause I'm sure she would make you happy...

I hope she can be safe with you?

but I'm here to ensure her safety and hope nothing goes wrong

I hope you can understand sir ?

Thanks, I can see you are really interested in making this work between you and Vicky sir...

But I need to inform you of

Some refundable deposit which needs to be made to ensure my doll safety with you sir .,and it would be refunded back to you once she is done with appointment and additional fun time sir

FEE: 195

(Note the fee amount. Is that in dollars, guineas, pesos, pounds? Unbelievable. I then ask how I pay the deposit and get annoyed with Vicky for not mentioning it.)

Okay sir, you can get the cards at the store right now so you can have your Booking Id.

Yesterday 5:14

Vicky Thomas: Yes baby Respond to them that you need the booking code for me

Tuesday 6:06

Jon Lange: You did not tell me I had to put down a deposit using either PayPal or gift cards

(They ask for a deposit with no currency mentioned. It should be \$195. Again, totally unprofessional, which proves this is not a genuine company.)

Tuesday 6:07

Vicky Thomas: Baby It's a refundable deposit payment for my safety

(What about my safety? Any normal company would use a debit/credit card deposit. How can you refund a gift card? You cannot, that is why you will never get it back.)

Tuesday 6:08

Jon Lange: I understand that but for some reason Amazon have put me on hold. How can I pay a deposit? There must be another way.

Tuesday 6:09

Vicky Thomas: Can you use PayPal ? Or cash app

(I have already told her I have a problem with both. Does the stupid cow not understand?)

Either one or just get to any store around you and buy a physical gift card

Tuesday 6:14

Jon Lange: This is ridiculous. I wasted all afternoon doing this shit when I have told you my Paypal won't work, nor Cashapp. I cannot be bothered to go out shopping now.

Tuesday 6:15

Vicky Thomas: Baby try to understand me

('Baby try to understand I need your money. I don't give a shit if it's late or you are tired. I need your money.')

Tuesday 6:17

Vicky Thomas: Try to get a gift card at the store

Tuesday 6:19

Jon Lange: Which store? We're in Manila. They don't do USD here.

(She really does not understand the inconvenience she is causing me.)

Tuesday 6:21

Vicky Thomas: Hmm so what then can you do rn babe

You gotta get the booking code from my boss and you have to make the deposit before that hon

Can't you send bitcoin bby

(What? Now it's bitcoin. For fuck's sake. Get me outta here.)

Tuesday 6:22

Jon Lange: I don't do bitcoin either.

Tuesday 6:23

Vickky Thomas: Then how then do you wanna make the payment then?

(Because payment is the most important thing.)

Tuesday 6:27

Vickky Thomas: Huh??

Tuesday 6:27

Jon Lange: I'm looking at options

Tuesday 6:27

Vickky Thomas: Ok babe

I just really yiu get this sort out honey

I really wanna get to have fun with yiu bby

(Yeah right. That is really gonna happen. As soon as the money is in her account she will disappear.)

Tuesday 6:39

Vickky Thomas: Hon?

Tuesday 6:39

Jon Lange: So do I, but why is such an awkward sum 195. Why can't it be 100 or 200?

(Again a sensible question.)

Tuesday 6:40

Vickky Thomas: Ok 200 is ok then babe

(Why not 100? It is not down to her anyway. It should be for the agency to decide.)

But how can you send it bby

You haven't figured that out yet bby?

Tuesday 6:45

Vickky Thomas: Huh?

Tuesday 6:45

Jon Lange: Hold on

(I have to say this because I am trying to sort out how to pay her, but she is nagging me every five minutes.)

Tuesday 6:46

Vickky Thomas: Ok my love

Am waiting honey

Tuesday 6:54

Vickky Thomas: How long do I gotta wait baby?

(Again, getting impatient.)

Tuesday 7:04

Jon Lange: You're not making it straight forward for your clients, are you?

Tuesday 7:14

Vickky Thomas: I am babe

(I am? It should be 'We are' as she works on behalf of an agency.)

You just don't have any means or you don't wanna make the necessary payment

(She really does not understand that I am running out of options and patience.)

If you do

We would surely meet at that hotel tonight bby

Why can't you get gift cards hon?

Tuesday 7:15

Vickky Thomas (via Meet):

Call missed

(I am busy trying to sort out this shit.)

Tuesday 7:19

Jon Lange: Of course I want to have fun with you tonight. That's why I came all this way. But my patience is wearing thin. Sorry, I need to have a break, Vicky, and I'll come back later. I've only wasted 4 hours!

Tuesday 7:19

Vickky Thomas: Damn

Ok any ways

Tuesday 7:21

Jon Lange: If it was a proper company I could pay a deposit using my card.

Tuesday 7:22

Vickky Thomas: Your card What way?

(Right, so she has never heard of a debit/credit card deposit as in a vehicle hire where you pay £500 for the use of the vehicle. Once it is returned and checked for any damage, the money is automatically refunded. Unbelievable.)

Tuesday 7:23

Jon Lange: Well I can send a deposit using my credit card, but it would have to be through a secure network.

Tuesday 7:25

Vickky Thomas: Babe then just try and get a gift card at any nearby store ok

Take the credit card to the store and purchase a gift cards ok

I'm really sorry for all the stress I made you go through but I just think that will be the only way you can make the deposit payment

(Because that is all she is interested in.)

I hope you understand

(No, I don't.)

Tuesday 7:28

Jon Lange: OK, I will try a store now.

Tuesday 7:29

Vickky Thomas: Okay baby you can get either Steam, Amazon, visa vanilla or eBay gift card

How much are you getting on it ?

(Why is she asking me? I've already told her I'll have to put 200 on it, not 195!)

Tuesday 7:29

Jon Lange: 200

Tuesday 7:29

Vickky Thomas: Ok are you getting it now ??

Tuesday 7:30

Jon Lange: Yep, let me go to the store now.

Tuesday 7:31

Vickky Thomas: Ok I'll be waiting let me know once you have gotten it ok

Tuesday 7:36

Jon Lange: Will do

Tuesday 8:03

Vickky Thomas: Hey bby

Have you gotten it yet??

Tuesday 8:32

Vickky Thomas (via Meet):

Call missed

(She gives me twenty minutes to get to the store, find a gift card, purchase it, and get back to the hotel. This woman is unreal.)

Tuesday 8:48

Vickky Thomas: Babe?

Tuesday 8:51

Jon Lange: Hi babe. No, the only gift cards I could find were SM cards @ 500 pesos each (I would need 11000 to make it up to around 200 USD which they did not have enough in stock), and I doubt you would accept that type anyway. Then I went to the counter and enquired about Moneygram (your boss advised that could be an alternative). But I don't know where I am sending the money. So I emailed her and she never came back to me. I could have done it at the shop. I got fed up waiting so I've come back.

Tuesday 8:54

Vickky Thomas: She's gonna send you the info babe And you would go make the payment babe Ok ?

Tuesday 8:55

Jon Lange: So I have to go out again?

Tuesday 8:55

Vickky Thomas: Yes honey

This the last step bby

How long would that take you bby?

Tuesday 8:57

Jon Lange: I don't know I am still waiting for her to get back to me.

Tuesday 8:57

Vickky Thomas: She haven't?

Tuesday 8:07

Vickky Thomas: Babe?

What's going on?

Tuesday 8:08

Jon Lange: I don't know. I've agreed to go back, but she still has not responded

Tuesday 8:08

Vickky Thomas: She haven't sent you the info to send the payment too?

Tuesday 8:09

Jon Lange: Correct

Yesterday 8:09

Vickky Thomas: You can be on your way she would get back to you before you get there ok bby?
(How does she know that. The reason her boss cannot get back is because there is no address/email, etc., that it can be sent to. So they are probably trying to set something up during the interim.)

Tuesday 8:11

Vickky Thomas: Ok!!

Tuesday 8:12

Jon Lange: Ok, but why is she taking so long?

Tuesday 8:12

Vickky Thomas: She is carefully looking for the info babe

(What? Utter bullshit. It is supposed to be a global company that should be able to take any kind of payment from anywhere.)

You can wait a bit at home then once she get the info to you You can be on your way by then babe

Ok !

Tuesday 8:14

Jon Lange: OK, I'm leaving in a bit, not sure what time they close though.

Tuesday 8:14

Vickky Thomas: Ohh ok babe

Be on your way bby

Tuesday 8:15

Jon Lange: Right, so if I leave now that information better arrive by the time I get there

Tuesday 8:15

Vickky Thomas: Yes it will bby

(Again, she is trying to assure me that they will set up an address by then.)

Tuesday 8:33

Vickky Thomas: Honey

Are you here bby?

What currency did you find the card you went to find at the store then bby?

Was it in GBP or how bby?

Tuesday 8:37

Vickky Thomas (via Meet):

Call missed

(She does this when I do not answer her straight away. Very impatient.)

Tuesday 9:51

Jon Lange: What's going on, Vicky? This is where everything is going wrong. Why would it be in GBP? It's Manila, so it would be

(Now, I am testing her.)

Tuesday 9:51

Vickky Thomas: Sorry that was a mistake bby

Are you yet at the store?

(She cannot even answer the question. Why? Because she is not in this country.)

Tuesday 9:53

Jon Lange: If it's Manila then it would be pesos. This is why I am not convinced you're anywhere near here.

Tuesday 9:53

Vickky Thomas: Nope honey I was just wondering bby I know it will be in pesos hon

(Again utter bullshit. She doesn't know, and is thousands of miles away.)

Tuesday 9:55

Jon Lange: No, the store was open but they closed the Moneygram till just before I got there so I am back in the hotel. If you really wanna fuck then I am in my room (302).

(This is where I have lost my patience. Now she is not sure if I am being serious or not.)

Tuesday 9:55

Vickky Thomas: lol 😏

You ain't serious

(What? Me serious about fucking you, after spending over ten hours trying to set it up. Of course I am serious.)

Tuesday 8:56

Jon Lange: No, I'm joking. I doubt if I could even get it up now, totally whacked out.

(I was knackered by then and had given up.)

Tuesday 9:57

Vickky Thomas: Oops

(Why oops? Note that there was nothing heard again from her after this. She and her bogus company had obviously given up on trying to defraud me.)

Wednesday (7 Dec.) 8:37 am

Jon Lange: Hi babe

Wednesday 9:45

Jon Lange: Aren't you talking to me now?

Wednesday 10:56

Jon Lange: OK so you're not talking to me.

Wednesday 5.42 pm

Jon Lange: As I thought all along, this is not a genuine company. Please refund my \$150 I sent as gift cards. Otherwise I will report you and your bogus agency.

(There was no response and still has not been. I sent emails to all the addresses supplied and did not hear anything. It is a good job Amazon put the order on hold otherwise I really would have lost some money. So guys, think twice before receiving a text or any message from a woman claiming to be interested in hooking up with you. She will undoubtedly be a scammer and you will lose money as well as waste valuable time.)

Conclusion

The last example demonstrates quite adequately how some women will stop at nothing to get their man, or rather his money, for that is all they are interested in, and that is the sole reason why this one set up an account (or several accounts, all of which got suspended) on Twitter. They could tell there was something wrong with her account, something fraudulent taking place, and put a stop to it. Her blitheness or casual attitude towards her suspended accounts did nothing to allay my fears, and that is why the chat moved elsewhere. By moving the chat to a chat room, it is outside of their control. Anything can happen in a chat room where it is private and undisturbed.

I had another woman contact me on Twitter. She asked me if I was single. I told her I was married, and then she asked me if I ever used Google Chat. I lied by saying, 'My wife warned me about that. She told me it is full of women luring unsuspecting men in there in order to fleece money out of them.' I was half-joking, but also deadly serious. These chat rooms seem to be geared towards trapping punters who will be forced to pay a price for their interaction with women.

The above example is ample proof that there is something very dangerous going on here. OK, I went out of my way to play the mug with this woman simply because I was intrigued: I wanted to see how far it would go. I knew deep down the meeting was never going to take place, and my suspicions were aroused right from the beginning. This gorgeous woman is here in this country where I am staying? I don't believe it, and never did for a minute, although I was hoping this was not a scam and it might just turn out to be perfectly legitimate. But that is never the case, and so guys we need to be wary.

As I said, I did not lose any money over this. The reason she never received payment from Amazon was down to the following factors:

1. An unauthorised party had accessed my account
2. The password was disabled
3. Any modifications made were reversed
4. Cancelled any pending orders

Thanks to their astuteness, I saved myself a few dollars and her scam was unsuccessful. She did not succeed, yet I fear there are many more women (or parties acting as women) who will. There are many gullible men only too glad to give payment in advance for services that will never be rendered, and this is where I think we men are being taken for a ride, treated like dupes. Women know us men like to have sex, and if they can think of means of luring us into a belief that we are going to get it, then they will invent ways to make it happen, with only a small minority actually delivering. I'm not saying that all escort services advertised on Twitter are a scam, but

unfortunately the above examples do give that impression, which is a shame for those genuine escorts who rely on social media for their work. It would be ideal if all scammers could be rooted out once and for all, yet that will never happen, as the last example demonstrated: this woman (or man masquerading as a woman) would reinvent herself, use multiple aliases, in order to succeed.

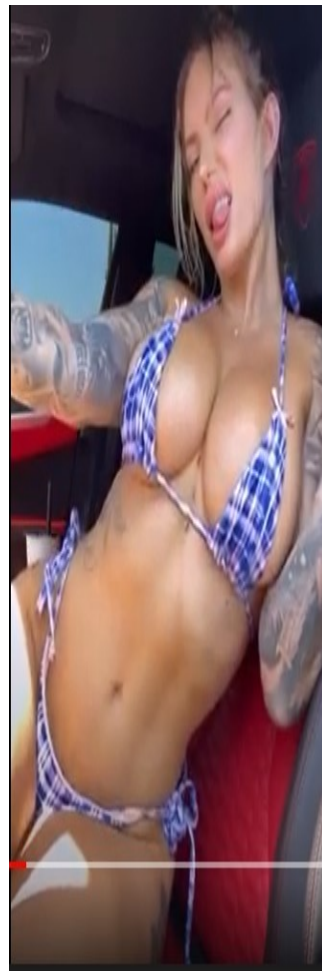

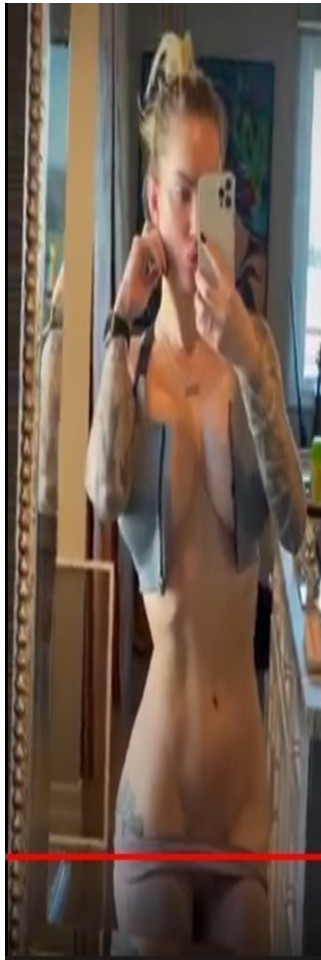

So guys, we need to be careful out there. When going on social media think twice about liking any posts, or adding comments, or following a Twitter account, because they could all be a ruse just to get you to part with your hard-earned cash. If you are altruistic and don't mind helping out some pretty girl who is so poor she cannot afford to pay for her own wi-fi, then by all means help her, but don't expect anything in return. And let the above examples serve as a forewarning of what may come.
